

STARVING IN THE COLD SHE SCREAMED FOR HELP

Woman of Fifty Found In a Cheerless Room
In an Almost Dying
Condition.

HER LIFE SAVED BY HER FRANTIC SHOUTS

Shouting for help in as loud a voice as her weakened condition would permit, Mrs. Comey, nearly 50 years old, of 109 Short alley, attracted the attention of some neighbors at an early hour last evening just in time to save herself from death by starvation or freezing. Her case is by far the most pitiable that has come before the public during the present severe weather, and is pronounced by the township trustees as deplorable in many features.

Mrs. Comey is a well known woman in this city, having lived here for many years. Her husband cruelly deserted her about eight years ago and since that time has not contributed one penny for her support or for their two minor children. For several years after the heartless man left her she did all within her power to provide for the little ones, working day and night, but she met with numerous disappointments and though she hated awfully to do so, was compelled to give up her dear ones and submit to their being placed in the Catholic home. Since that time she has worked industriously and until a few weeks ago fared well enough.

Becoming sick, however, she was

soon out of money and a few days ago she became destitute of both food and clothing. Being of a proud disposition she would not ask for aid and went to bed, thinking she might get well in a short time. Instead she gradually grew worse and being without food and having no fire, she suffered terribly from the cold. She stood it all until last evening, when she concluded that rather than die she would call for assistance and for fully an hour she shrieked in a heart rending voice for some one to come to her.

The neighbors, unaware of her condition, did not respond when they first heard the calls, but when they continued one volunteered to enter. The sight that met his gaze beggars description.

Lying flat on her back, with her eyes, almost glassy, upturned, at the time of her discovery she was unconsciously calling, the strain having bereft her of all senses. It was not long after that until a number of the neighbors rushed in, a fire was provided, a doctor called and food given the woman. The case was reported to the township trustees this morning and they have attended to her wants.

to appropriate the money to meet them:

Thomas Nagle, plumbing	\$ 9 75
W. L. Taylor, expressage	95
William Kent, insurance	4 90
Mrs. Anderson, meals	8 87
Canton workhouse bill	38 60
Due on police salaries	80 80
Due on board salaries	30 92

Total

Total	\$174 79
-------------	----------

Mr. Taylor spoke of the advisability of organizing a salvage corps in the city, pointing out to the other members of the board how it would be a paying project. Though no action was taken it was considered by all to be a subject worthy of notice and it is likely that an attempt will be made to institute such a corps before long.

THIEVES AGAIN BUSY IN EAST PALESTINE

S. M. Hoon's Drug Store Visited for
the Second Time in
Two Weeks.

East Palestine, January 15.—(Special.)—Thieves broke in S. M. Hoon's drug store early yesterday morning and secured tobacco, change left in drawer and other articles. This is the second time in less than two weeks the same thing has taken place. The first time the thieves had a key to unlock the door, then the proprietor secured another lock. It did not seem to do much good, as the next time a hole was cut through the glass next to the lock and the door unlocked by reaching in.

The same store has been looted at least four times in its history. This matter is going to be looked up.

Leap Year Party at Wellsville.
"The Girls," a leap year club, consisting of a number of the young girls of Wellsville, will give a leap year party at city hall, Wellsville, on Friday evening, January 29. The hours for dancing will be from 8:30 to 1 o'clock in the evening. The dance will be a fashionable function and the finest appointments will make the party most enjoyable. The club was organized last week on the same plan as "The Girls" club of this city. A number of the young ladies of this city have received invitations, including the members of the club of this city.

Badly Injured in a Mill.
Lisbon, January 15.—(Special.)—Charles Moore, a former employee of the tin mill here, was badly injured a few days ago by being caught in the machinery of a mill at Southside, Pittsburgh. His physicians say he will have to remain in the hospital at least a month.

Home news complete in this paper.

DEATH PROBABLY DUE TO FRIGHT

Aged Woman Near Columbiana Found
Dead After a Fire at Her
Home.

Salem, January 15.—Mrs. Eliza Forney, an aged widow residing at Columbiana, was found dead in her home early Wednesday morning after a fire, which had broken out in her home, had been extinguished by neighbors.

Death was probably due to fright or suffocation. She was aged 72 years, and though wealthy, lived the life of a miser.

MUCH BETTER

Stephen Burlingame Recovers His
Senses And Appears Much
Improved.

Dr. J. Howard Davis reports that Stephen Burlingame, the young man who was injured while coasting on Walnut street Wednesday night, is much better.

He regained consciousness at 7 o'clock last evening and is improving as rapidly as possible.

KRUGER'S SANITY NOW THE QUESTION

Case Will Soon Come Before the
Pennsylvania Pardon
Board.

AN INVESTIGATOR HERE

Joseph F. A. Jackson, of Philadelphia, after some days spent at Greensburg, Pa., has come to this city to inquire into the mental condition of Charles Emil Betowsky, otherwise known as Kruger, the murderer. While here he will consult the young man's mother and his personal friends. The result of his investigations will be reported to Gov. Pennypacker and the Pennsylvania pardon board.

Kruger's case will probably come before the Pennsylvania board of pardons January 20. A dispatch from Greensburg tells how Gov. Pennypacker, of Pennsylvania, came to respite the murderer. Last Monday morning James Beattie, a representative of the Philadelphia Ledger, arrived in Greensburg and, in keeping with his newspaper duties, he promptly visited the county prison and was admitted to that portion of the jail where the murderer was confined. During the conversation with the condemned man Mr. Beattie believed he detected in Kruger's rambling story traces of an unsound mind. The Philadelphia correspondent became more impressed that the murderer was crazy when he witnessed one of his sudden fits of anger, apparently without cause. Investigation proved to the Ledger representative that while the murderer at times would talk rationally and intelligently on subjects, there were times that his mind would wander from the point in view, and broke out into meaningless and abusive utterances even against those who have befriended him.

On his return to Philadelphia Mr. Beattie presented the case to the editors of the Ledger and after consultation a representative of the Ledger secured an audience with Governor Pennypacker, the result of which was the respite.

A dispatch from Canton says that while in the Stark county workhouse, Kruger, then known as Rand Culver, acted queerly and Captain Andrew Wielandt, of the guards, at times had him watched. At one time he quarreled with a guard over a pair of shoes and then tried to commit suicide. He fastened his blanket over the cell door to conceal his operations.

Suspicious noises were heard and when the door was burst in "Culver" was found suspended by a wire. At another time he demolished practically everything in his cell. He was considered entirely insane by Dr. W. S. Foulke.

Sheriff Gilson, of Steubenville, thinks Kruger feigned insanity. He showed no trace of it while in the Steubenville jail, though he showed a very bad temper. It is stated that insanity experts are to examine the prisoner at Greensburg next Monday and Kruger's mother is expected to be present.

Still Another Deputy.

Lisbon, January 15.—(Special.)—Frank Elder, of East Palestine, an additional deputy appointed by Sheriff A. J. Johnson, was sworn in yesterday afternoon.

RACE FOR AUDITOR IS INTERESTING

Four Prominent Men Have Already
Announced Themselves
As Candidates.

VERY SPIRITED CONTEST

For This Important County Position
to Enue Before the Spring Primaries
Are Held—A Canvass in Progress.

Though the time for holding the county Republican primary is yet a long way off, unusual interest is already being manifested in the contest to be pulled next spring. Since Charles Hamilton, of Lisbon, made his appearance in East Liverpool a few days ago, and went quietly about a few matters in connection with his canvass for county auditor, there has been a great deal of discussion relative to county politics, and it is likely every voter will be thoroughly acquainted with every good trait to the credit of each of the candidates long before the battle takes place.

Owing to the fact that the coming contest will be what is generally understood by men interested in politics as an off year, more interest will be centered in the fight for the Republican nomination for auditor than would otherwise be the case. Four candidates have announced their candidacy to the present, any one of which would make an excellent official. This being the case, it will naturally dwindle down to a matter of who will be able to marshal their friends and supporters in the most formidable manner. The candidates are Prof. J. L. McDonald, of Wellsville; Galen R. Sheets, Hanover township; Frank F. Trimble, of Perry, and last, but not least, either in size or importance, Charles E. Hamilton, of Center township.

Because of the importance of the berth and the qualifications necessary for the man who will assume the office, it would be foolhardy for anyone other than a citizen of the highest moral, intellectual and social standing to attempt to make a bid for popular support. It therefore goes without saying that the men who will battle for supremacy next spring possess all of these requisites and more.

Prof. McDonald has for years been an educator in the county and is respected and esteemed by not only his neighbors and friends in Wellsville, but his popularity extends far beyond and into the county and state. Mr. Sheets, a man who has once before made a canvass for the position of auditor, holds a place in the hearts of his fellow citizens in and about Hanover town that could not be filled by another. Owing to his having made a trial before, he is considered just that far along toward the coveted goal. Genial Frank Trimble needs no introduction to the party men of the county. He resides at Salem, where he has been identified with every movement having for its object the advancement and well being of his town. He is a successful man, and his decision to enter politics is no surprise to his friends.

Charles Hamilton, the youngest man in the race, is by no means the least formidable of the array. He comes from an old line of Whigs and staunch Republicans, who have been found true to the cause in every emergency. Mr. Hamilton has been identified with the party at whose hands he asks the nomination, ever since he was able to cast a vote. His fellow citizens in the party recognized in him a trustworthy representative and several years ago he was made a member of the county executive committee. He now holds the responsible berth of treasurer of the Lisbon city central committee, and no one could have performed the duties in a more satisfactory manner.

East Liverpool, for the first time in many years, will probably have no aspirant in the field for county office, at the county seat, and following a time-honored and most laudable characteristic, knows when she has enough. East Liverpool therefore will have less interest probably, but will be better Her people are already well represented to watch the good points in the fight. Whatever the selection may be, however, East Liverpool's vote will be in the Republican column when the result of the general election is announced.

A good investment—News Review "want" ads.

CHILD IS DEAD AFTER LONG AGONY

Van Fossen Girl, Badly Burned at Winona, Died Late Last Night.

Lisbon, January 15.—(Special.)—Esther, the three-year-old daughter of Mr. and Mrs. W. H. Van Fossen, of Winona, died last night at 12:30 o'clock after suffering terribly for nearly 60 hours from the burns received on Tuesday afternoon. The funeral will be held Sunday afternoon at the house. Interment will be made in Woodvale cemetery.

The accident that caused the death of the child was a most distressing one. She was playing with a number of other children near a big grate when her dress was ignited.

Mrs. Van Fossen heard the awful cries of her child and rushing from another part of the house, arrived just in time to save the little one from burning to a crisp. However, the burns were of such a character that to save her child meant more than medical aid could provide.

BOARD OF SAFETY ACCEPTS THE CUT

Finance Committee's Reduction of
Estimated Expenses Not
Objected to.

\$11,133 ASKED IN ALL

There was very little friction at the meeting of the board of public safety last evening. The most important business transacted was the settlement of the finance problem. It was expected that the board would resent the action of the finance committee when it cut the board's requisition, but the committee explained thoroughly the necessity of so doing and before the two bodies adjourned a mutual agreement was reached.

Everything for which the board had made requisition was brought up and the committee used the shears in every instance possible, but even then the original amount agreed upon by the board was not diminished to any great extent. It will be recalled that the board at a meeting last week decided that it could not possibly get along with less than \$12,266.94. The finance committee showed them how to get along with \$11,133. This amount will remain as it is providing Solicitor Davidson renders a favorable decision on the \$7,000 borrowed by council from the service board. If he decides that council must pay the amount immediately the finance committee will again take up the shears and \$4,000 will have to be taken from the board of safety and service board, probably evenly divided.

Following is the estimate as agreed upon by the board and the committee:

Board of Safety.	
Salaries of members	\$ 400 00
Clark salary	60 00
Stationery	15 00
Incidentals	10 00

Total	\$ 485 00
-------------	-----------

Police Department.	
Salaries chief and officers	\$ 4,085 00
Incidentals	25 00
Salaries of special police	25 00
Fuel, light and supplies	40 00
Feed	120 00
Horse and repairs	200 00
Food for prisoners	10 00

Total	\$ 4,555 00
-------------	-------------

Fire Department.	
Salaries chief and firemen	\$ 4,734 00
Incidentals	233 00
Extra firemen's salary	10 00
Fuel, gas and supplies	110 00
Feed	356 00
New hose	400 00
New fire plugs	150 00
Repairs of roof	50 00
Insurance	50 00

Total	\$ 6,093 00
-------------	-------------

Entire Department.	
Safety board fund	\$ 485 00
Police department fund	4,555 00
Fire department fund	6,093 00

Grand total	\$11,133 00
-------------------	-------------

Mayor Weaver's estimate was diminished \$10 and the following will be appropriated for his department:

Salary	\$250
Stationery and incidentals	40
Total	\$290

DESPERATE LOOKING MEN ATTEMPT DICK TURPIN ACT

Guns Flourished at Arthur Schone, Who Does
Not Get Scared and Uses
His Fists.

HIS COOLNESS MASTERS THE SITUATION

Arthur Schone, a well known young man residing in the West End, had a thrilling experience with three footpads while returning from Pleasant Heights at a late hour last night, and that he was not killed and dumped over the hill is due only to his presence of mind and the fact that he did not become excited.

Mr. Schone had been calling on friends in the northern suburb, and started down the hill at about 11 o'clock. He had covered about half the distance to the city, and was near the McLean property at a lonely spot in the road when he was confronted by three of the most desperate looking men he had ever looked upon.

Two of the men held revolvers, and demanded that he give up what money he had, in the meantime flourishing the guns about in a menacing manner. The third member of the party was apparently unarmed, and kept at a safe distance while the other two stood close beside the victim.

Young Schone did not lose his presence of mind, but began fumbling about in his pockets. This action evidently frightened the would-be highwaymen, for they instantly showed signs of weakening, and drew closer to the victim. When the time was ripe Schone planted a blow between the eyes of the fellow nearest him, and reached for the smaller one of the two, but he took to his heels and was out of sight in a twinkling. Seeing his companion deserting him at the critical point the big man with the gun also gave up the holdup plan and took to his heels. The third member of the

band was out of sight up the road long before, and Schone was master of the situation.

The work was evidently that of amateurs, as the highwaymen showed the white feather from the very start, and there was every indication that the plans were badly concocted. One of the men, and the fellow who was apparently the ring leader, is described as being a tall muscular man, with light curly hair and wore no overcoat. His companions were of an entirely different caste.

There were only two guns in the crowd and the big fellow carried one while the other was held by a little man puny in appearance, but evidently wary and possessed of more nerve than either of the others. The third man is described as being a coward in every sense of the word. His actions may have been prompted by the fact that he did not have a shooting iron, but his every action indicated that he was quaking with fear from the beginning and got away as soon as he had the opportunity. He is described as being a fleshy individual, shabbily dressed and wore a cap, which was pulled down over his ears, rendering it nearly impossible to distinguish whether he was white or black, young or old.

The affair was reported to Chief Wyman this morning, and he and his men have promised to make a thorough investigation. It is likely some arrests will be made in connection with the affair, as the descriptions are so minute that the intended victim will have no trouble in identifying them.

DEATH CLAIM SETTLED

Heirs of George Morgan, Who Died in
Arizona, Get \$1,300 from
Ben Hur Tribe.

S. E. Vories, of Crawfordville, Ind., who is supreme keeper of tributes of the Tribe of Ben Hur, was in the city today paying the claim of George Morgan, of the East End, who was a member of Crockery City Court No. 111.

Mr. Morgan died at Phoenix, Ariz., last November. There was considerable delay in settling this claim of \$1,300 on account of diversity of opinion on the part of attending physicians, as reported to the headquarters of the tribe. One doctor claimed Mr. Morgan was sick only a week, while another contended that sickness lasted no less than nine months. Consequently the officials were very cautious and made a thorough investigation before settling the claim.

STRUCK BY A CAR AND BADLY INJURED

Ten Year Old Lad Came Near Being
Killed This Afternoon.

William Richardson, aged 10, was struck by the line car on the East Liverpool railway about 3 o'clock this afternoon near the National House, and badly injured. He suffered a severe rupture and the back of his head was badly cut.

The injured lad was taken to Dr. Taylor's hospital. Dr. J. Howard Davis is attending him.

He lives with the family of Mart Gribbon on Grant street. His mother is dead and his father is in England.

FINED \$15 AND COSTS

Axel Lowry, Who Stole Brass from a
Pottery, Sentenced By
the Mayor.

Axel Lowry, the 19-year-old son of Harry Lowry, who was arrested the other evening on the charge of stealing brass from the plant of the K. T. & K. pottery, and who pleaded guilty to the charge, was arraigned before the mayor last evening and fined \$15 and costs for the crime. Arrangements were made to pay the fine.

TERRIBLE RIDE ON RUNAWAY CARS

Brakemen Have an Exciting Experience on the Horn
Switch.

JUMPED IN NICK OF TIME

As the result of a coupling pin breaking, two coal cars became detached from a train being hauled up the Horn switch by the shifter yesterday afternoon and dashed at an awful rate of speed down the incline, giving to two brakemen who were on them the most exciting experience of their lives and causing damage amounting to several hundred dollars.

The accident occurred yesterday morning shortly before 11 o'clock. The shifter was going up the track, at a fair rate of speed, when at the Dresden pottery the two rear cars parted, the coupling pin snapping as though it was made of wood. In a moment the cars were traveling backward at a terrific pace. Two of the brakemen were on the runaway cars and they immediately started to apply the brakes, but they discovered that too much momentum had been gathered by the cars and that they were helpless. However, they decided to stick to their posts, thinking the cars might slacken in speed. But presently directly in front of them, on the main track, was seen a box car loaded with ball clay, and they knew that a collision with it meant the total destruction of the cars and the ending of their own lives. Realizing the situation, they concluded to jump, and did so, leaving the cars just in the nick of time. In another second they collided with the box car and it together with the first coal car was smashed into small pieces.

Ladies of the G. A. R.
Mrs. M. Anna Hall, past national president of the Ladies of the G. A. R., will attend the installation of officers of McCoy circle at G. A. R. hall tomorrow evening. A social session will follow.

STARVING IN THE COLD SHE SCREAMED FOR HELP

Woman of Fifty Found In a Cheerless Room
In an Almost Dying
Condition.

HER LIFE SAVED BY HER FRANTIC SHOUTS

Shouting for help in as loud a voice as her weakened condition would permit, Mrs. Comey, nearly 50 years old, of 109 Short alley, attracted the attention of some neighbors at an early hour last evening just in time to save herself from death by starvation or freezing. Her case is by far the most pitiable that has come before the public during the present severe weather, and is pronounced by the township trustees as deplorable in many features.

Mrs. Comey is a well known woman in this city, having lived here for many years. Her husband cruelly deserted her about eight years ago and since that time has not contributed one penny for her support or for their two minor children. For several years after the heartless man left her she did all within her power to provide for the little ones, working day and night, but she met with numerous disappointments and though she hated awfully to do so, was compelled to give up her dear ones and submit to their being placed in the Catholic home. Since that time she has worked industriously and until a few weeks ago fared well enough.

Becoming sick, however, she was

soon out of money and a few days ago she became destitute of both food and clothing. Being of a proud disposition she would not ask for aid and went to bed, thinking she might get well in a short time. Instead she gradually grew worse and being without food and having no fire, she suffered terribly from the cold. She stood it all until last evening, when she concluded that rather than die she would call for assistance and for fully an hour she shrieked in a heart rending voice for some one to come to her.

The neighbors, unaware of her condition, did not respond when they first heard the calls, but when they continued one volunteered to enter. The sight that met his gaze beggars description.

Lying flat on her back, with her eyes, almost glassy, upturned, at the time of her discovery she was unconsciously calling, the strain having bereft her of all senses. It was not long after that until a number of the neighbors rushed in, a fire was provided, a doctor called and food given the woman. The case was reported to the township trustees this morning and they have attended to her wants.

TO KEEP WALKS CLEAR OF ICE

Safety Board Decides a New Ordinance on the Subject
Is Needed.

WILL BE PASSED AT ONCE

Numerous questions of interest and great importance were acted upon by the board of public safety at its regular meeting last evening. Besides all the members of the board, there were present the finance committee of council, which is composed of Messrs. Bullock, Moon, Cannon and Johnson, and Solicitor Davidson. Mayor Weaver was also present a part of the time.

Owing to the unusual number of accidents that have occurred in the city during the past few weeks, most of them occasioned by the condition of the sidewalks, which have been one continuous bed of ice and snow, it was decided by the board that an ordinance should be passed by council compelling the residents to remove ice and snow from the pavements in front of their residences within a specified time. The solicitor informed the board that it would be perfectly legal to pass such an ordinance and he will draft one to be taken up by council in a short time, probably at the adjourned meeting to be held on next Tuesday evening. Though the ordinance seems to be a very good one, it is certain that there will be some objection on the part of at least one councilman, who says it will be a hardship on the general public to make it compulsory that all walks be kept clear of ice.

A communication was received from Attorney R. G. Thompson, asking the board to make provisions whereby Capt. Harry Palmer, of Long Beach, Cal., will receive the money alleged to be due him from Officer Homer Morris. After some discussion the board voted that it had no authority to take up the bill as it was contracted according to the communication prior to the policeman entering the department. This bill has been before council for several years. It will be remembered that council for a short time compelled Morris to pay \$8 per month, but finally concluded that it was not the duty of council to meddle with the private affairs of the two men interested and ordered that Morris be paid in full in the future.

The following bills remaining unpaid December 31 were passed upon by the board and council will be asked

to appropriate the money to meet them:

Thomas Nagle, plumbing	\$ 9 75
W. L. Taylor, expressage	95
William Kent, insurance	4 90
Mrs. Anderson, meals	8 87
Canton workhouse bill	38 60
Due on police salaries	80 80
Due on board salaries	30 92
Total	\$174 79

Mr. Taylor spoke of the advisability of organizing a salvage corps in the city, pointing out to the other members of the board how it would be a paying project. Though no action was taken it was considered by all to be a subject worthy of notice and it is likely that an attempt will be made to institute such a corps before long.

THIEVES AGAIN BUSY IN EAST PALESTINE

S. M. Hoon's Drug Store Visited for the Second Time in Two Weeks.

East Palestine, January 15.—(Special.)—Thieves broke in S. M. Hoon's drug store early yesterday morning and secured tobacco, change left in drawer and other articles. This is the second time in less than two weeks the same thing has taken place. The first time the thieves had a key to unlock the door, then the proprietor secured another lock. It did not seem to do much good, as the next time a hole was cut through the glass next to the lock and the door unlocked by reaching in.

The same store has been looted at least four times in its history. This matter is going to be looked up.

Leap Year Party at Wellsville.

"The Girls," a leap year club, consisting of a number of the young girls of Wellsville, will give a leap year party at city hall, Wellsville, on Friday evening, January 23. The hours for dancing will be from 8:30 to 1 o'clock in the evening. The dance will be a fashionable function and the finest appointments will make the party most enjoyable. The club was organized last week on the same plan as "The Girls" club of this city. A number of the young ladies of this city have received invitations, including the members of the club of this city.

Badly Injured in a Mill.

Lisbon, January 15.—(Special.)—Charles Moore, a former employe of the tin mill here, was badly injured a few days ago by being caught in the machinery of a mill at Southside, Pittsburgh. His physicians say he will have to remain in the hospital at least a month.

DEATH PROBABLY DUE TO FRIGHT

Aged Woman Near Columbiana Found Dead After a Fire at Her Home.

Salem, January 15.—Mrs. Eliza Forney, an aged widow residing at Columbiana, was found dead in her home early Wednesday morning after a fire, which had broken out in her home, had been extinguished by neighbors.

Death was probably due to fright or suffocation. She was aged 72 years, and though wealthy, lived the life of a miser.

MUCH BETTER

Stephen Burlingame Recovers His Senses And Appears Much Improved.

Dr. J. Howard Davis reports that Stephen Burlingame, the young man who was injured while coasting on Walnut street Wednesday night, is much better.

He regained consciousness at 7 o'clock last evening and is improving as rapidly as possible.

KRUGER'S SANITY NOW THE QUESTION

Case Will Soon Come Before the Pennsylvania Pardon Board.

AN INVESTIGATOR HERE

Joseph F. A. Jackson, of Philadelphia, after some days spent at Greensburg, Pa., has come to this city to inquire into the mental condition of Charles Emil Betowsky, otherwise known as Kruger, the murderer. While here he will consult the young man's mother and his personal friends. The result of his investigations will be reported to Gov. Pennypacker and the Pennsylvania pardon board.

Kruger's case will probably come before the Pennsylvania board of pardons January 20. A dispatch from Greensburg tells how Gov. Pennypacker, of Pennsylvania, came to respite the murderer. Last Monday morning James Beattie, a representative of the Philadelphia Ledger, arrived in Greensburg and, in keeping with his newspaper duties, he promptly visited the county prison and was admitted to that portion of the jail where the murderer was confined. During the conversation with the condemned man Kruger's rambling story traces of an unsound mind. The Philadelphia correspondent became more impressed that the murderer was crazy when he witnessed one of his sudden fits of anger, apparently without cause. Investigation proved to the Ledger representative that while the murderer at times would talk rationally and intelligently on subjects, there were times that his mind would wander from the point in view, and broke out into meaningless and abusive utterances even against those who have befriended him.

On his return to Philadelphia Mr. Beattie presented the case to the editors of the Ledger and after consultation a representative of the Ledger secured an audience with Governor Pennypacker, the result of which was the respite.

A dispatch from Canton says that while in the Stark county work house, Kruger, then known as Rand Culver, acted queerly and Captain Andrew Wieland, of the guards, at times had him watched. At one time he quarreled with a guard over a pair of shoes and then tried to commit suicide. He fastened his blanket over the cell door to conceal his operations.

Suspicious noises were heard and when the door was burst in "Culver" was found suspended by a wire. At another time he demolished practically everything in his cell. He was considered entirely insane by Dr. W. S. Foulke.

Sheriff Gilson, of Steubenville, thinks Kruger feigned insanity. He showed no trace of it while in the Steubenville jail, though he showed a very bad temper. It is stated that insanity experts are to examine the prisoner at Greensburg next Monday and Kruger's mother is expected to be present.

Still Another Deputy.

Lisbon, January 15.—(Special.)—Frank Elder, of East Palestine, an additional deputy appointed by Sheriff A. J. Johnson, was sworn in yesterday afternoon.

RACE FOR AUDITOR IS INTERESTING

Four Prominent Men Have Already Announced Themselves As Candidates.

VERY SPIRITED CONTEST

For This Important County Position to Enure Before the Spring Primaries Are Held—A Canvass in Progress.

Though the time for holding the county Republican primary is yet a long way off, unusual interest is already being manifested in the contest to be pulled next spring. Since Charles Hamilton, of Lisbon, made his appearance in East Liverpool a few days ago, and went quietly about a few matters in connection with his canvass for county auditor, there has been a great deal of discussion relative to county politics, and it is likely every voter will be thoroughly acquainted with every good trait to the credit of each of the candidates long before the battle takes place.

Owing to the fact that the coming contest will be what is generally understood by men interested in politics as an off year, more interest will be centered in the fight for the Republican nomination for auditor than would otherwise be the case. Four candidates have announced their candidacy to the present, any one of which would make an excellent official. This being the case, it will naturally dwindle down to a matter of who will be able to marshal their friends and supporters in the most formidable manner. The candidates are Prof. J. L. McDonald, of Wellsville; Galen R. Sheets, Hanover township; Frank F. Trimble, of Perry, and last, but not least, either in size or importance, Charles E. Hamilton, of Center township.

Because of the importance of the berth and the qualifications necessary for the man who will assume the office, it would be foolhardy for anyone other than a citizen of the highest moral, intellectual and social standing to attempt to make a bid for popular support. It therefore goes without saying that the men who will battle for supremacy next spring possess all of these requisites and more.

Prof. McDonald has for years been an educator in the county and is respected and esteemed by not only his neighbors and friends in Wellsville, but his popularity extends far beyond and into the county and state. Mr. Sheets, a man who has once before made a canvass for the position of auditor, holds a place in the hearts of his fellow citizens in and about Hanover township that could not be filled by another. Owing to his having made a trial before, he is considered just that far along toward the coveted goal. Genial Frank Trimble needs no introduction to the party men of the county. He resides at Salem, where he has been identified with every movement having for its object the advancement and well being of his town. He is a successful man, and his decision to enter politics is no surprise to his friends.

Charles Hamilton, the youngest man in the race, is by no means the least formidable of the array. He comes from an old line of Whigs and staunch Republicans, who have been found true to the cause in every emergency. Mr. Hamilton has been identified with the party at whose hands he asks the nomination, ever since he was able to cast a vote. His fellow citizens in the party recognized in him a trustworthy representative and several years ago he was made a member of the county executive committee. He now holds the responsible berth of treasurer of the Lisbon city central committee, and no one could have performed the duties in a more satisfactory manner.

East Liverpool, for the first time in many years, will probably have no aspirant in the field for county office, at the county seat, and following a time-honored and most laudable characteristic, knows when she has enough. East Liverpool therefore will have less interest probably, but will be better Her people are already well represented to watch the good points in the fight. Whatever the selection may be, however, East Liverpool's vote will be in the Republican column when the result of the general election is announced.

CHILD IS DEAD AFTER LONG AGONY

Van Fossan Girl, Badly Burned at Work, Died Late Last Night.

Lisbon, January 15.—(Special.)—Esther, the three-year-old daughter of Mr. and Mrs. W. H. Van Fossan, of Winona, died last night at 12:30 o'clock after suffering terribly for nearly 60 hours from the burns received on Tuesday afternoon. The funeral will be held Sunday afternoon at the house. Interment will be made in Woodvale cemetery.

The accident that caused the death of the child was a most distressing one. She was playing with a number of other children near a big grate when her dress was ignited.

Mrs. Van Fossan heard the awful cries of her child and rushing from another part of the house, arrived just in time to save the little one from burning to a crisp. However, the burns were of such a character that to save her child meant more than medical aid could provide.

BOARD OF SAFETY ACCEPTS THE CUT

Finance Committee's Reduction of Estimated Expenses Not Objected to.

\$11,133 ASKED IN ALL

There was very little friction at the meeting of the board of public safety last evening. The most important business transacted was the settlement of the finance problem. It was expected that the board would resent the action of the finance committee when it cut the board's requisition, but the committee explained thoroughly the necessity of so doing and before the two bodies adjourned a mutual agreement was reached.

Everything for which the board had made requisition was brought up and the committee used the shears in every instance possible, but even then the original amount agreed upon by the board was not diminished to any great extent. It will be recalled that the board at a meeting last week decided that it could not possibly get along with less than \$12,266.94. The finance committee showed them how to get along with \$11,133. This amount will remain as it is providing Solicitor Davidson renders a favorable decision on the \$7,000 borrowed by council from the service board. If he decides that council must pay the amount immediately the finance committee will again take up the shears and \$4,000 will have to be taken from the board of safety and service board, probably evenly divided.

Following is the estimate as agreed upon by the board and the committee:

Board of Safety.	
Salaries of members	\$ 400 00
Clerk salary	60 00
Stationery	15 00
Incidentals	10 00
Total	\$ 485 00
Police Department.	
Salaries chief and officers	\$ 4,085 00
Incidentals	25 00
Salaries of special police	25 00
Fuel, light and supplies	40 00
Feed	120 00
Horse and repairs	200 00
Food for prisoners	10 00
Total	\$ 4,555 00
Fire Department.	
Salaries chief and firemen	\$ 4,734 00
Incidentals	233 00
Extra firemen's salary	10 00
Fuel, gas and supplies	110 00
Feed	356 00
New hose	400 00
New fire plugs	150 00
Repairs of roof	50 00
Insurance	50 00
Total	\$ 6,093 00
Entire Department.	
Safety board fund	\$ 485 00
Police department fund	4,555 00
Fire department fund	6,093 00
Grand total	\$11,133 00

Mayor Weaver's estimate was diminished \$10 and the following will be appropriated for his department:

Salary	\$250
Stationery and incidentals	40
Total	\$290

DESPERATE LOOKING MEN ATTEMPT DICK TURPIN ACT

Guns Flourished at Arthur Schone, Who Does Not Get Scared and Uses His Fists.

HIS COOLNESS MASTERS THE SITUATION

Arthur Schone, a well known young man residing in the West End, had a thrilling experience with three footpads while returning from Pleasant Heights at a late hour last night, and that he was not killed and dumped over the hill is due only to his presence of mind and the fact that he did not become excited.

Mr. Schone had been calling on friends in the northern suburb, and started down the hill at about 11 o'clock. He had covered about half the distance to the city, and was near the McLean property at a lonely spot in the road when he was confronted by three of the most desperate looking men he had ever looked upon.

Two of the men held revolvers, and demanded that he give up what money he had, in the meantime flourishing the guns about in a menacing manner. The third member of the party was apparently unarmed, and kept at a safe distance while the other two stood close beside the victim.

Young Schone did not lose his presence of mind, but began fumbling about in his pockets. This action evidently frightened the would-be highwaymen, for they instantly showed signs of weakening, and drew closer to the victim. When the time was ripe Schone planted a blow between the eyes of the fellow nearest him, and reached for the smaller one of the two, but he took to his heels and was out of sight in a twinkling. Seeing his companion deserting him at the critical point the big man with the gun also gave up the holdup plan and took to his heels. The third member of the

band was out of sight up the road long before, and Schone was master of the situation.

The work was evidently that of amateurs, as the highwaymen showed the white feather from the very start, and there was every indication that the plans were badly concocted. One of the men, and the fellow who was apparently the ring leader, is described as being a tall muscular man, with light curly hair and wore no overcoat. His companions were of an entirely different caste.

There were only two guns in the crowd and the big fellow carried one while the other was held by a little man puny in appearance, but evidently wary and possessed of more nerve than either of the others. The third man is described as being a coward in every sense of the word. His actions may have been prompted by the fact that he did not have a shooting iron, but his every action indicated that he was quaking with fear from the beginning and got away as soon as he had the opportunity. He is described as being a fleshy individual, shabbily dressed and wore a cap, which was pulled down over his ears, rendering it nearly impossible to distinguish whether he was white or black, young or old.

The affair was reported to Chief Wyman this morning, and he and his men have promised to make a thorough investigation. It is likely some arrests will be made in connection with the affair, as the descriptions are so minute that the intended victim will have no trouble in identifying them.

DEATH CLAIM SETTLED

Heirs of George Morgan, Who Died in Arizona, Get \$1,300 from Ben Hur Tribe.

S. E. Vories, of Crawfordville, Ind., who is supreme keeper of tributes of the Tribe of Ben Hur, was in the city today paying the claim of George Morgan, of the East End, who was a member of Crockery City Court No. 111.

Mr. Morgan died at Phoenix, Ariz., last November. There was considerable delay in settling this claim of \$1,300 on account of diversity of opinion on the part of attending physicians, as reported to the headquarters of the tribe. One doctor claimed Mr. Morgan was sick only a week, while another contended that sickness lasted no less than nine months. Consequently the officials were very cautious and made a thorough investigation before settling the claim.

STRUCK BY A CAR AND BADLY INJURED

Ten Year Old Lad Came Near Being Killed This Afternoon.

William Richardson, aged 10, was struck by the line car on the East Liverpool railway about 3 o'clock this afternoon near the National House, and badly injured. He suffered a severe rupture and the back of his head was badly cut.

The injured lad was taken to Dr. Taylor's hospital. Dr. J. Howard Davis is attending him.

He lives with the family of Mart Gribbon on Grant street. His mother is dead and his father is in England.

FINED \$15 AND COSTS

Axel Lowry, Who Stole Brass from a Pottery, Sentenced By the Mayor.

Axel Lowry, the 19-year-old son of Harry Lowry, who was arrested the other evening on the charge of stealing brass from the plant of the K. T. & K. pottery, and who pleaded guilty to the charge, was arraigned before the mayor last evening and fined \$15 and costs for the crime. Arrangements were made to pay the fine.

TERRIBLE RIDE ON RUNAWAY CARS

Brakemen Have an Exciting Experience on the Horn Switch.

JUMPED IN NICK OF TIME

As the result of a coupling pin breaking, two coal cars became detached from a train being hauled up the Horn switch by the shifter yesterday afternoon and dashed at an awful rate of speed down the incline, giving to two brakemen who were on them the most exciting experience of their lives and causing damage amounting to several hundred dollars.

The accident occurred yesterday morning shortly before 11 o'clock. The shifter was going up the track, at a fair rate of speed, when at the Dresden pottery the two rear cars parted, the coupling pin snapping as though it was made of wood. In a moment the cars were traveling backward at a terrific pace. Two of the brakemen were on the runaway cars and they immediately started to apply the brakes, but they discovered that too much momentum had been gathered by the cars and that they were helpless. However, they decided to stick to their posts, thinking the cars might slacken in speed. But presently directly in front of them, on the main track, was seen a box car loaded with ball clay, and they knew that a collision with it meant the total destruction of the cars and the ending of their own lives. Realizing the situation, they concluded to jump, and did so, leaving the cars just in the nick of time. In another second they collided with the box car and it together with the first coal car was smashed into small pieces.

Ladies of the G. A. R.

Mrs. M. Anna Hall, past national president of the Ladies of the G. A. R., will attend the installation of officers of McCoy circle at G. A. R. hall tomorrow evening. A social session will follow.

CLAY HANDS DELAYED.

It is possible that the clay department of the Cartwright plant will not start in full until Monday, January 18, owing to the occupation of that department by the men who are installing the sprinkler system. While this will inconvenience the firm to some extent it was considered the best plan, as very little could be done with the planters at work. The plant has been in partial operation for the past week and several glaze kilns have been drawn, the ware being badly needed to keep up with the orders. Several kilns will be placed before the clay hands start, the dippers going on duty this morning. The packers have been very busy lately and as the result of the shipments since the holidays the warehouse is almost depleted.

Ambrose Cartwright, who resigned a short time ago as manager of the Barberton plant, is assisting John Cartwright in the office of the plant, he succeeding their father, William Cartwright, who has been at Battle Creek, Mich., lately for his health. The many friends of William Cartwright will be pleased to learn that his improvement continues and that it is his intention to return to East Liverpool within the next 10 days, provided the improvement continues. He will not attempt to resume his duties at the plant, however.

The new toilet shape, "Trent," that the firm intended to have ready for the market last fall, but which was unavoidably delayed, will be out within the month. The new shape is said to be very attractive. Quite a number of new decorations have been adopted and will be used on dinner lines this year.

NEW SPECIES OF CLAY.

The Canton Coal, Lime & Clay company has been organized in Canton. The purpose is to further develop and provide better facilities for the marketing of the coal and lime deposits in the vicinity of Canton. A new species of clay has been found on the Howenstein farm and adjoining land, the qualities of which render it particularly desirable for pottery work. In connection with the limestone de-

SINGULAR WATCH OF SWISS MAKE

TORONTO JEWELER OWNS A REMARKABLE TIMEPIECE.

It Can Instantly Be Changed from a Hunting Case Watch to an Open Face.

Fred Gallaher, a Toronto jeweler, has a watch which is not only a good timepiece, but makes the owner a conjurer, a magician as well. The watch can instantly be changed from a hunting case to an open face without detaching a single part, and as easily changed back again.

Mr. Gallaher got the curiosity in exchange for another watch which he gave a stranger from the country some weeks ago, and odd as it may seem, the stranger had carried the timepiece for years and did not know he was the possessor of one of the queerest time gaugers known to the trade of watchmaking.

A few months ago a man came into Mr. Gallaher's place of business, and after laying down the timepiece for inspection, stated that he would like to exchange it for an open face watch, as he was sick and tired of opening the case every time he wished to ascertain the time of day. Mr. Gallaher examined the timepiece and seeing that it was a full jeweled case, he produced another silver watch which suited the stranger and the deal was consummated, much to the joy and satisfaction of the strange party.

An hour or so later on close examination, Mr. Gallaher made the startling discovery that the watch was a wonder, and by means of pivots and extra lids the case could be instantly changed from hunting to open face. Surprised and amused he started out to find the man and tell him of his discovery.

Meeting the stranger on the street, Mr. Gallaher started to ask him if he ever looked at the watch very closely, but was interrupted by the excited exclamation of the stranger that: "You traded fair and square. I won't trade back, and if there is anything wrong with the watch I did not know it." Mr. Gallaher assured the stranger that he would not trade back under any consideration, but that he wished to tell him that he had been carrying an open face timepiece for years and did not know it. "Do you think I am crazy or drunk?" asked the stranger, and then followed Mr. Gallaher back to the store, where his head twirled in wonderment at the construction of the watch which he had recently parted with.

At first he thought that Mr. Gallaher had been practicing a little deception, but was soon convinced that it was the same watch, and it is needless to add that the stranger was

DECIDED IN FAVOR OF THE PLAINTIFF

A Columbiana Firm's Claim Passed Upon By Pennsylvania Supreme Court.

Lisbon, January 15.—(Special).—The case of Shilling & Co., of Columbiana, vs. A. T. Seigle, of New Castle, Pa., has just been decided by the supreme court of Pennsylvania in favor of the plaintiff. Judge W. G. Wells, of Lisbon, represented the plaintiff and Judge J. M. Martin, of New Castle, the defendant.

In this case suit was brought by Shilling & Co. against the defendant upon his statutory liability in the default Columbiana Handle company. Judgment for \$1,500 was obtained in the court of common pleas in this county on July 5, 1900, against the defendant. In the court of common pleas at New Castle, Pa., upon the Ohio judgment a judgment for \$2,017.25 was rendered against the defendant January 15, 1903. The case was then appealed to the supreme court of Pennsylvania, which sustained the lower courts.

SINGULAR WATCH OF SWISS MAKE

TORONTO JEWELER OWNS A REMARKABLE TIMEPIECE.

It Can Instantly Be Changed from a Hunting Case Watch to an Open Face.

Fred Gallaher, a Toronto jeweler, has a watch which is not only a good timepiece, but makes the owner a conjurer, a magician as well. The watch can instantly be changed from a hunting case to an open face without detaching a single part, and as easily changed back again.
Mr. Gallaher got the curiosity in exchange for another watch which he gave a stranger from the country some weeks ago, and odd as it may seem, the stranger had carried the timepiece for years and did not know he was the possessor of one of the queerest time gaugers known to the trade of watchmaking.

A few months ago a man came into Mr. Gallaher's place of business, and after laying down the timepiece for inspection, stated that he would like to exchange it for an open face watch, as he was sick and tired of opening the case every time he wished to ascertain the time of day. Mr. Gallaher examined the timepiece and seeing that it was a full jeweled case, he produced another silver watch which suited the stranger and the deal was consummated, much to the joy and satisfaction of the strange party.

An hour or so later on close examination, Mr. Gallaher made the startling discovery that the watch was a wonder, and by means of pivots and extra lds the case could be instantly changed from hunting to open face. Surprised and amused he started out to find the man and tell him of his discovery.

Meeting the stranger on the street, Mr. Gallaher started to ask him if he ever looked at the watch very closely, but was interrupted by the excited exclamation of the stranger that: "You traded fair and square. I won't trade back, and if there is anything wrong with the watch I did not know it." Mr. Gallaher assured the stranger that he would not trade back under any consideration, but that he wished to tell him that he had been carrying an open face timepiece for years and did not know it. "Do you think I am crazy or drunk?" asked the stranger, and then followed Mr. Gallaher back to the store, where his head twirled in wonderment at the construction of the watch which he had recently parted with. At first he thought that Mr. Gallaher had been practicing a little deception, but was soon convinced that it was the same watch, and it is needless to add that the stranger was

West Virginia—Fair and warmer Friday; Saturday rain.

very anxious to swap back and once more became the owner of the strangest thing in watchdom.

Many old jewelers and watchmakers have examined the timepiece and they all readily admit that they never saw anything like it.

Federation Has Liquidated.
Columbus, Jan. 15.—The executive board of the Federation Window Glass company wound up the business of the company, which some time ago decided to go into liquidation. The \$70,000 borrowed from the Burns organization has been paid.

DECIDED IN FAVOR OF THE PLAINTIFF

A Columbiana Firm's Claim Passed Upon by Pennsylvania Supreme Court.

Lisbon, January 15.—(Special.)—The case of Shilling & Co., of Columbiana, vs. A. T. Seigle, of New Castle, Pa., has just been decided by the supreme court of Pennsylvania in favor of the plaintiff. Judge W. G. Wells, of Lisbon, represented the plaintiff and Judge J. M. Martin, of New Castle, the defendant.

In this case suit was brought by Shilling & Co. against the defendant upon his statutory liability in the defunct Columbiana Handle company. Judgment for \$1,500 was obtained in the court of common pleas in this county on July 5, 1900, against the defendant. In the court of common pleas at New Castle, Pa., upon the Ohio judgment a judgment for \$2,017.25 was rendered against the defendant January 15, 1903. The case was then appealed to the supreme court of Pennsylvania, which sustained the lower courts.

EAST END

SEWER QUESTION

A LIVE ISSUE

EAST END CITIZENS READY FOR INVESTIGATING COMMITTEE.

Will Go to Court if State Board of Health Interferes With Sewer Plans.

That the sewer question is a live issue among the property owners of the East End is daily demonstrated by the great interest manifested and the recent action of the board of health in requesting council to take action in the matter has met with the approval of the large majority. Dr. W. E. Mowen, the East End member of the board of health, is one of the champions of the sewer movement and he is anxious that some plan be adopted by which there will be proper sanitary drainage. Now that council has referred the matter to the street committee and the city engineer it is proposed to keep the matter constantly before their notice until a decision is reached.

According to the city officials the next move in the matter will be for the street committee and the city engineer to make an inspection of the East End, going over the ground in such a way as to determine how the sewage can best be taken care of. Engineer Kelly stated yesterday that the inspection can be made at any time, notwithstanding the rigorous weather. It is hoped that there will be no delay so that preliminary work can be done in the early spring and the actual construction of the lines be completed before next fall.

While the East End people interested will not attempt to dictate to the committee and the engineer they will call their attention to the plan of the board of education, which has found great favor inasmuch as it is an excellent solution of the problem at a minimum cost. The investigators will be shown that a trunk line sewer can be given an outlet near Ralston crossing without conflicting with the state law and they propose, if the state board of health attempts to interfere, to take the matter into court.

Grimes is Improving.
Luther Grimes, the typhoid fever patient, who in a fit of delirium jumped through a window to escape from his room, is reported better today by his father, Dr. W. J. Grimes. The young man, while cut about the face by the glass, is not suffering any ill effects from his escapade, a part of which was a walk to a neighbor's house, barefooted in the snow. In the struggle to prevent the delirious patient from escaping, Dr. Grimes sustained several painful cuts about the head.

Ancient Weapons.
J. M. Buckle, the Mulberry street jeweler, has a valuable collection of firearms, several of the weapons being a century or more old. Several of them were secured from Spanish soldiers while Mr. Buckle was a member of Uncle Sam's army at Pinar del Rio, Cuba. One of the pistols was used in the war of 1812 and there is a Spanish made knife from the Philippines. The collection is in the show window at Mr. Buckle's establishment.

Miss Carman Better.
Miss Margaret Carman, of Independence, Pa., a sister of Squire L. W. Carman, recently underwent an operation in a Wheeling hospital and since has been improving nicely. She has been ill for several weeks and her condition has been such as to cause great alarm among her relatives.

EAST END AFFAIRS.
Squire L. W. Carman spent yesterday in Lisbon on legal business.

D. F. White, who returned yesterday from a western trip, will make his report as to the Michigan gold mining property he inspected to the East End stockholders tonight.

Miss Roberts, of the Grant street

THE PERPETUAL WAR

There is always a fight going on in every human body between health and disease. On one side are poor food, bad air, over-work, worry, colds, accidents. On the other are sunshine, rest, cheerfulness and nourishment.

The reason Scott's Emulsion fights so powerfully for health is because it gives so much more nourishment than you can get in any other way. Get in the sunlight and try Scott's Emulsion.

We'll send you a sample free upon request.

TO HASTEN WORK AS SPRING OPENS

Y. & S. OFFICIALS SKETCH THEIR PLANS AT LISBON.

West Point Coal Development a Very Important Factor in Their Calculations.

Lisbon, January 15.—(Special.)—John H. Ruhlman and J. R. Long, of the Y. & S. railway, were in Lisbon yesterday, accompanied by James D. Neal, a New York mining engineer and E. G. Biddison, former state mine inspector and now superintendent of mines and mining for the Youngstown & Southern. The party drove out yesterday afternoon for an inspection of the company's coal territory in the vicinity of West Point.

NO SPRING ELECTIONS IN OHIO HEREAFTER

This Plan Said to Have Been Decided Upon By Republican Leaders of the State.

Spring elections are to be abolished in this state. This, says a Columbus dispatch to the Cincinnati Enquirer, has been decided upon by the Republican leaders and the word has been passed along the line. The bill has been prepared and will in all likelihood be introduced early next week. The precise details of the measure are not yet known, but enough has transpired to make the prediction that it will go into effect so that its provisions can be availed of at the fall election.

Successors to mayors whose terms expire next spring will be chosen next November, but will not assume their offices until the following April. The announcement of this proposed radical change in a time-honored law has created a distinct political sensation, and there are some who are disposed not to credit the astounding information. It can be stated with supreme authority that the final decision has been made and the bill will be backed by the state organization.

It is said that if the bill becomes a law it will practically insure the Republicanizing of every large city of the state. Mayors Johnson, in Cleveland, and Jones, in Toledo, will be eliminated and the Democratic mayors of Youngstown, Dayton, Springfield, Akron and other cities will be retired. One of the pretexts is that it will greatly simplify the election board question, as every election hereafter will be throughout the county.

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

DOUBT ABOUT THE CASE

Report That Moore's Body Had Been Shipped Discredited By Lisbon Authorities.

Lisbon, January 15.—(Special.)—Mrs. Geo. R. Moore, of this city, was seen by the News Review representative this morning regarding the report that the body of a man supposed to be that of her husband was on its way here from Alabama. She said the Lisbon authorities discredited the report that the body had been shipped without any notification to them, but that the matter had been reported to her substantially as given in the News Review yesterday.

The details printed yesterday were secured from an immediate member of Mrs. Moore's family and were reiterated by Mrs. Moore this morning.

STATE AID FOR GOOD ROADS

Law Proposed to Make a Beginning of Highway Improvement.

THE STATE GIVEN CHARGE

Of Road Building And Repairing, the Work to Be Done Under a Competent Engineer's Direction—\$246,000 Appropriation As a Starter.

Columbus, January 15.—Looking toward the creation of a long desired institution of state government, Representative Edward S. Wertz, of Wayne county, in the lower house of the General Assembly has introduced a bill to confer the desired authority upon the proper officials. His purpose is to establish a State Department of Roads, Highways and Bridges. Mr. Wertz is one of the bright men of the next legislature, and this measure has been worked out after long study and examination of conditions. It has also the approval of many of the leading farmers and engineers of the state.

The Wertz bill is drafted on the theory that it is too severe a hardship for the land owners and farmers in the counties of the state of Ohio to pay the entire cost for the construction of improved highways, and that inasmuch as improved roads are a benefit to the entire people of the state of Ohio, all tax-paying classes should join paying the burdens imposed.

It is the intention of the bill to provide for the systematic improvement of the public highways, following a plan arranged and drafted by a state board of road commissioners. It does away with the indiscriminate and hazardous method of improving public highways heretofore in vogue.

The bill is passed also on the idea that to have a permanent and improved system of roads in Ohio it is necessary to have someone who is responsible for their construction, and that in view of the large amounts of money that will be necessary to have these highways constructed, that some plan should be adopted whereby a beginning will be made in this state, small at first, but in the end will create improved highways on every road in the state of Ohio.

The appropriation provided for from the state treasury, together with the money raised in each county, will only make a fund to be used for itself, to be expended in each county in the state.

This will provide for probably three miles each year in each county of the state. Some counties, on account of an ample supply of good material for road making purposes, are able, without assistance from the state, to construct fine roads. Other counties on account of the lack of this material are at such an enormous expense that the people of the county are unable without levying an untold burden on themselves to build improved highways.

The bill is drafted so that any county which already has constructed some permanent highways may avail itself of the appropriation for the purposes of repairing and reconstructing such highways as are already built and constructed in accordance with such plans as may be provided by the state board of road commissioners.

It places in the hands of a competent civil engineer the direction of the road improvements in the state of Ohio. The director of the road division is placed under direction of the secretary of agriculture of the state of Ohio, in whose department matters of interest to the rural populations of the state are looked after.

In order to give confidence in the division or good roads, the board

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

I have no hesitancy in recommending your S. S. S. as the best Spring tonic on the market. I have used many other medicines, but find S. S. S. to be undoubtedly the only tonic that will build up the system. I shall take pleasure in telling all whom I think in need of a good blood tonic of your medicine. Yours truly, Lewis S. Fieber, Lexington, Ky.

S. S. S. is not only the best tonic but possesses alterative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

GEON BROS.

East Liverpool's Busiest Stores. Sixth Street.

which will decide all matters and phases of the improvements and let all contracts, is made a non-partisan board.

The object of the board is to bring about a uniform system of taxation for road purposes a uniform method of road construction and to co-operate with any county or township in the actual construction of permanent highways or the improvement of existing highways.

The bill provides that in case the commissioners of any county fail to make application within a certain time for the assistance of the state in constructing permanent highways, or in case the commissioners of any county refuse, then the trustees of any township in that county may make application for the assistance of the state in constructing the highway.

The bill provides for the appropriation of \$264,000 out of any funds in the treasury not appropriated, for the beginning of the work, the appropriation to be available January 1, 1905.

The bill follows the state aid road laws now in operation in the states of Rhode Island, Pennsylvania, New York and New Jersey, and has given general satisfaction in these states.

It is the purpose of the bill to provide a plan whereby a beginning may be made looking to the gradual permanent improvement of all roadways in Ohio, in such a way that the burden will not be imposed upon the farming classes of the state, but that all persons interested may bear a small share of the burden. The amount expended each year is designed to be so small that there will be no real burden at all, and in some

years to come there will be on every road in Ohio a permanent highway, constructed at small cost and at no sacrifice to the taxpayers of Ohio.

What's In a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make salve from Witch Hazel that is a specific for piles. For blind, bleeding and itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Alvin H. Bulger (only).

EAST END

SEWER QUESTION

A LIVE ISSUE

EAST END CITIZENS READY FOR INVESTIGATING COMMITTEE.

Will Go to Court if State Board of Health Interferes With Sewer Plans.

That the sewer question is a live issue among the property owners of the East End is daily demonstrated by the great interest manifested and the recent action of the board of health in requesting council to take action in the matter has met with the approval of the large majority. Dr. W. E. Mowen, the East End member of the board of health, is one of the champions of the sewer movement and he is anxious that some plan be adopted by which there will be proper sanitary drainage. Now that council has referred the matter to the street committee and the city engineer it is proposed to keep the matter constantly before their notice until a decision is reached.

According to the city officials the next move in the matter will be for the street committee and the city engineer to make an inspection of the East End, going over the ground in such a way as to determine how the sewage can best be taken care of. Engineer Kelly stated yesterday that the inspection can be made at any time, notwithstanding the rigorous weather. It is hoped that there will be no delay so that preliminary work can be done in the early spring and the actual construction of the lines be completed before next fall.

While the East End people interested will not attempt to dictate to the committee and the engineer they will call their attention to the plan of the board of education, which has found great favor inasmuch as it is an excellent solution of the problem at a minimum cost. The investigators will be shown that a trunk line sewer can be given an outlet near Ralston crossing without conflicting with the state law and they propose, if the state board of health attempts to interfere, to take the matter into court.

Grimes is Improving.

Luther Grimes, the typhoid fever patient, who in a fit of delirium jumped through a window to escape from his room, is reported better today by his father, Dr. W. J. Grimes. The young man, while cut about the face by the glass, is not suffering any ill effects from his escapade, a part of which was a walk to a neighbor's house, barefooted in the snow. In the struggle to prevent the delirious patient from escaping, Dr. Grimes sustained several painful cuts about the head.

Ancient Weapons.

J. M. Buckle, the Mulberry street jeweler, has a valuable collection of firearms, several of the weapons being a century or more old. Several of them were secured from Spanish soldiers while Mr. Buckle was a member of Uncle Sam's army at Pinar del Rio, Cuba. One of the pistols was used in the war of 1812 and there is a Spanish made knife from the Philippines. The collection is in the show window at Mr. Buckle's establishment.

Miss Carman Better.

Miss Margaret Carman, of Independence, Pa., a sister of Squire L. W. Carman, recently underwent an operation in a Wheeling hospital and since has been improving nicely. She has been ill for several weeks and her condition has been such as to cause great alarm among her relatives.

EAST END AFFAIRS.

Squire L. W. Carman spent yesterday in Lisbon on legal business. D. F. White, who returned yesterday from a western trip, will make his report as to the Michigan gold mining property he inspected to the East End stockholders tonight.

Miss Roberts, of the Grant street

THE PERPETUAL WAR

There is always a fight going on in every human body between health and disease. On one side are poor food, bad air, over-work, worry, colds, accidents. On the other are sunshine, rest, cheerfulness and nourishment.

The reason Scott's Emulsion fights so powerfully for health is because it gives so much more nourishment than you can get in any other way. Get in the sunlight and try Scott's Emulsion.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

school, has taken Miss Carrie Finney's place at the Dixonville school. Miss Finney is not improving as the physicians hoped and it is feared that one of the injured limbs will have to be amputated.

The Ladies' Missionary society of the Second Presbyterian church held an interesting meeting yesterday afternoon at the home of Mrs. T. W. McCain, of Ohio avenue. The ladies have been giving aid to a number of needy families in the East End and through their efforts much suffering has been relieved.

NO SPRING ELECTIONS IN OHIO HEREAFTER

This Plan Said to Have Been Decided Upon By Republican Leaders of the State.

Spring elections are to be abolished in this state. This, says a Columbus dispatch to the Cincinnati Enquirer, has been decided upon by the Republican leaders and the word has been passed along the line. The bill has been prepared and will in all likelihood be introduced early next week. The precise details of the measure are not yet known, but enough has transpired to make the prediction that it will go into effect so that its provisions can be availed of at the fall election.

Successors to mayors whose terms expire next spring will be chosen next November, but will not assume their offices until the following April. The announcement of this proposed radical change in a time-honored law has created a distinct political sensation, and there are some who are disposed not to credit the astounding information. It can be stated with supreme authority that the final decision has been made and the bill will be backed by the state organization.

It is said that if the bill becomes a law it will practically insure the Republicanizing of every large city of the state. Mayors Johnson, in Cleveland, and Jones, in Toledo, will be eliminated and the Democratic mayors of Youngstown, Dayton, Springfield, Akron and other cities will be retired. One of the pretexts is that it will greatly simplify the election board question, as every election hereafter will be throughout the county.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and used as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

DOUBT ABOUT THE CASE

Report That Moore's Body Had Been Shipped Discredited By Lisbon Authorities.

Lisbon, January 15.—(Special.)—Mrs. Geo. R. Moore, of this city, was seen by the News Review representative this morning regarding the report that the body of a man supposed to be that of her husband was on its way here from Alabama. She said the Lisbon authorities discredit the report that the body had been shipped without any notification to them, but that the matter had been reported to her substantially as given in the News Review yesterday.

The details printed yesterday were secured from an immediate member of Mrs. Moore's family and were reiterated by Mrs. Moore this morning.

TO HASTEN WORK AS SPRING OPENS

Y. & S. OFFICIALS SKETCH THEIR PLANS AT LISBON.

West Point Coal Development a Very Important Factor in Their Calculations.

Lisbon, January 15.—(Special.)—John H. Ruhlman and J. R. Long, of the Y. & S. railway, were in Lisbon yesterday, accompanied by James D. Neal, a New York mining engineer and E. G. Biddison, former state mine inspector and now superintendent of mines and mining for the Youngstown & Southern. The party drove out yesterday afternoon for an inspection of the company's coal territory in the vicinity of West Point.

Although the work of construction is progressing steadily now in spite of the rigors of winter, preparations are being made to push the work with redoubled vigor, as soon as spring opens and the further inspection of the West Point coal fields is one of the preparatory details. The North Lima field is ready to be worked as soon as the rails are ready far enough to afford shipping facilities. It promises to exceed even expectations of the projectors in the quality and quantity of coal it may yield. The company's cash investment in the West Point field, which was purchased from the Beaver company of Lisbon, already amounts to thousands of dollars.

Abutments for all of the bridges along the line from Youngstown to Columbiana have been built and the remaining bridge material is expected to be on hand in a few days, when track laying will be started from the Youngstown end of the line.

A locomotive to be used in hauling this material has arrived in Youngstown. It was given out yesterday that the company's power house will be located at Lisbon or West Point. With the present rate of progress the line will be completed to Lisbon by mid-summer at the farthest.

Messrs. Ruhlman and Long and the two mining experts drove back to Columbiana last evening.

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

I have no hesitancy in recommending your S. S. S. as the best Spring tonic on the market. I have used many other medicines, but find S. S. S. to be undoubtedly the only tonic that will build up the system. I shall take pleasure in telling all whom I think in need of a good blood tonic of your medicine.

Yours truly, LEWIS S. FIEBER, Lexington, Ky. Care Still, Hamilton & Co.

S. S. S. is not only the best tonic but possesses alterative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

STATE AID FOR GOOD ROADS

Law Proposed to Make a Beginning of Highway Improvement.

THE STATE GIVEN CHARGE

Of Road Building And Repairing, the Work to Be Done Under a Competent Engineer's Direction—\$246,000 Appropriation As a Starter.

Columbus, January 15.—Looking toward the creation of a long desired institution of state government, Representative Edward S. Wertz, of Wayne county, in the lower house of the General Assembly has introduced a bill to confer the desired authority upon the proper officials. His purpose is to establish a State Department of Roads, Highways and Bridges. Mr. Wertz is one of the bright men of the next legislature, and this measure has been worked out after long study and examination of conditions. It has also the approval of many of the leading farmers and engineers of the state.

The Wertz bill is drafted on the theory that it is too severe a hardship for the land owners and farmers in the counties of the state of Ohio to pay the entire cost for the construction of improved highways, and that inasmuch as improved roads are a benefit to the entire people of the state of Ohio, all tax-paying classes should join paying the burdens imposed.

It is the intention of the bill to provide for the systematic improvement of the public highways, following a plan arranged and drafted by a state board of road commissioners. It does away with the indiscriminate and hazardous method of improving public highways heretofore in vogue.

The bill is passed also on the idea that to have a permanent and improved system of roads in Ohio it is necessary to have someone who is responsible for their construction, and that in view of the large amounts of money that will be necessary to have these highways constructed, that some plan should be adopted whereby a beginning will be made in this state, small at first, but in the end will create improved highways on every road in the state of Ohio.

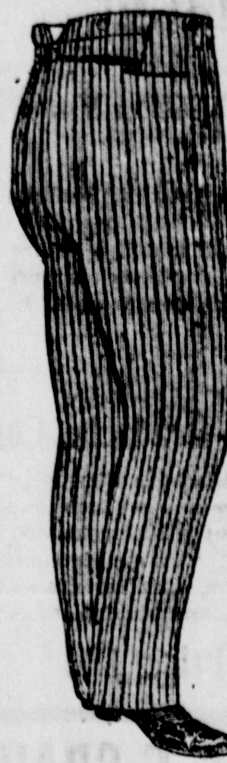

The appropriation provided for from the state treasury, together with the money raised in each county, will only make a fund to be used for itself, to be expended in each county in the state.

This will provide for probably three miles each year in each county of the state. Some counties, on account of an ample supply of good material for road making purposes, are able, without assistance from the state, to construct fine roads. Other counties on account of the lack of this material are at such an enormous expense that the people of the county are unable without levying an untold burden on themselves to build improved highways.

The bill is drafted so that any county which already has constructed some permanent highways may avail itself of the appropriation for the purposes of repairing and reconstructing such highways as are already built and constructed in accordance with such plans as may be provided by the state board of road commissioners.

It places in the hands of a competent civil engineer the direction of the road improvements in the state of Ohio. The director of the road division is placed under direction of the secretary of agriculture of the state of Ohio, in whose department matters of interest to the rural populations of the state are looked after.

In order to give confidence in the division or good roads, the board

GEON BROS.

East Liverpool's Busiest Stores. Sixth Street.

which will decide all matters and phases of the improvements and let all contracts, is made a non-partisan board.

The object of the board is to bring about a uniform system of taxation for road purposes a uniform method of road construction and to co-operate with any county or township in the actual construction of permanent highways or the improvement of existing highways.

The bill provides that in case the commissioners of any county fail to make application within a certain time for the assistance of the state in constructing permanent highways, or in case the commissioners of any county refuse, then the trustees of any township in that county may make application for the assistance of the state in constructing the highway.

The bill provides for the appropriation of \$264,000 out of any funds in the treasury not appropriated, for the beginning of the work, the appropriation to be available January 1, 1905.

The bill follows the state aid road laws now in operation in the states of Rhode Island, Pennsylvania, New York and New Jersey, and has given general satisfaction in these states.

It is the purpose of the bill to provide a plan whereby a beginning may be made looking to the gradual permanent improvement of all roadways in Ohio, in such a way that the burden will not be imposed upon the farming classes of the state, but that all persons interested may bear a small share of the burden. The amount expended each year is designed to be so small that there will be no real burden at all, and in some

years to come there will be on every road in Ohio a permanent highway, constructed at small cost and at no sacrifice to the taxpayers of Ohio.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make salve from Witch Hazel that is a specific for piles. For blind, bleeding and itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Alvin H. Bulger (only.)

even in the most distant parts of the
city, should be delivered before 6 p. m.

FRIDAY, JANUARY 15, 1904.

The police and the board of public
safety have decided that all coasting
must cease. Of course this will be a
bitter disappointment to many young-
sters as well as others not so young
who have been getting a vast amount
of enjoyment out of the pastime. It
was hoped that the sport could be reg-
ulated, perhaps by setting apart cer-
tain streets and certain hours for the
use of the coasters, and so made meas-
urably safe. But the authorities have
decided otherwise, and as it is impos-
sible for the police to watch every
hill in the city, there will be coasting
on none. Better so than that there
should be more heads or limbs need-
lessly broken.

"Grog" from the potteries scattered
on the ice will make a dangerous side-
walk safe to walk upon. The experi-
ment has been tried and proved a suc-
cess. As the city shows no disposi-
tion to incur the slight expense neces-
sary to procure and place it, property
owners should take the matter into
their own hands and see that the
walks in front of their premises are
put in proper condition. This has been
done in a few instances, and if it were
done universally it would be a public
blessing.

The whole country is with the presi-
dent, who declares that we should dig
the Panama canal with the least pos-
sible delay. The United States has
talked about an isthmian canal for
more than half a century, and the time
for action has now arrived. Those who
interpose obstacles and objections in
the hope of making political capital
will receive no encouragement from
the people.

Death has relieved ex-Governor
Bushnell of his sufferings. He leaves
behind him that priceless heritage, an

honored name. In the words of ex-
Lieutenant Governor Asa W. Jones,
who was his associate in office, he was
one of the best governor's Ohio ever
had and the people have abundant rea-
son for holding his memory in grateful
remembrance.

Louisville papers are telling about a
ten-foot snake, found in the dead of
the winter in the heart of the city. Un-
less they can produce the snake, the
world will still be incredulous. It is
no unusual thing for some people in
Louisville to think that they see huge
serpents.

A moonshine distillery in Kentucky
was mistaken for a volcano by people
who saw smoke issuing from the earth
and there was great excitement. The
Kentuckians have reason to be alarm-
ed. The mountain dew factories have
caused many an eruption among them.

"The Pike," which will be the com-
ing world's fair midway, seems to
have decided the Democratic party in
favor of St. Louis as a convention city.
Not being able to find them in politics,
Democracy must seek attractions
somewhere.

A city, as well as an individual,
must live within its income if it wants
to prosper. East Liverpool has been
slow to learn this lesson, but the fact
is now being brought home in a man-
ner calculated to make a lasting im-
pression.

The house of representatives has de-
cided that government employees must
either walk to and from their work
or pay their own car fare. There is
no danger of a strike resulting, as
there are too many waiting around for
places.

Bishop Spencer of the Mormon
church claims to have had a revelation
from God directing all Mormons to
drink only water in the future. This
is probably one of the most sensible
revelations a Mormon ever had.

Marshall Field, according to a Chi-
cago paper, is the latest Democratic
presidential possibility. If Marshall is
wise he will stick to the business he
has made a success of.

Cleveland's three cent fare legisla-
tion will bear a close scrutiny. It will
be interesting to know how much the
people gain if they get three cent rides
and no transfers.

A decrease of \$11,000,000 in the pub-
lic debt for December is one of the lit-
tle Republican surprises that gratify
the country from time to time.

The czar says he wants peace in the
far east. If he is sincere in his wish
he can have it. Otherwise what is the
good of being a czar?

The president has accepted mem-
bership in a "thirteen club. After this,
let no man question his courage.

That Siberian railway may prove the
most expensive bit of machinery Rus-
sia ever owned.

Jack Frost seems to have estab-
lished permanent headquarters here.

OBITUARY

John Reeves.

John Reeves, aged 56 years, died at
his home on Ridgeway avenue last
night from dropsy after a long illness.
The body will be shipped to Athens,
O., where Mr. Reeves formerly resid-
ed, tomorrow, where the funeral ser-
vices will be held. Before coming to
this city Mr. Reeves was a farmer
near Athens and was highly respected
and esteemed. Since his residence
here he has made a number of very
warm friends and his death will be
regretted by all. He is survived by a
wife and several children.

BODY EASILY RECOVERED.

Woman Ties Herself to Post, Then
Drowns in Lake.

Mora, Minn., Jan. 15.—After arrang-
ing a device which would make the
recovery of her body easy, Mrs. J. C.
Pope, wife of a prominent attorney,
committed suicide.

She left a note containing the in-
formation that her body would be
found in the lake. Searchers along
the shore came upon a post to which
was fastened a rope. The rope ex-
tended into the water and when it
was drawn in her body was found at
the other end.

HEIR TO AN EARLDOM KILLED BY A DERSVISH

London, Jan. 15.—Major General
Egerton, commanding the Somaliland
expeditionary force, announces that
the body of Captain, the Hon. Thomas
Lyster, Lord Ribblesdale's son and
heir, who was reported missing after
the engagement between the British
and the forces of the Mad Mullah, has
been found, pierced by a spear.

FRIENDS AND VISITORS

Dr. W. K. Hoffman, of Detroit, was
the guest of Alex McBane yesterday.

Dr. C. W. Baker has been called to
Butler county, Pa., by the illness of a
brother.

Beulah, little daughter of Frank
Baughman, West Fourth street, is se-
riously ill.

Mrs. S. Bryan, of Third street, is
confined to her home with a threat-
ened attack of pneumonia.

Mrs. Jackson Powell, of Eighth
street, who fell a week ago and se-
riously injured her nose, is recovering
slowly.

Rev. Dr. J. C. Taggart being engaged
in evangelistic work in Canonsburg,
Pa., Rev. W. R. Miller, of Pittsburg,
will occupy his pulpit Sunday.

At the meeting of the Beaver
County Medical society yesterday, Dr.
J. Howard Davis, of this city, was
elected a delegate to the Pennsylvania
Medical society, which meets in Phila-
delphia next September.

A SOLID COMPANY

The Columbia Life Insurance Com-
pany, of Cincinnati, Ohio.

The Columbia Life is an old line leg-
al reserve life company, organized
and incorporated under the laws of
Ohio. Dr. Felix C. Cross, of Cincinnati,
recognized life underwriter, is presi-
dent and the founder of the company.
There are about 60 stockholders of
prominent business men all over the
state, and it is estimated that the com-
bined assets of the stockholders will
exceed \$100,000,000, of whom four are
presidents of national banks, and two
are railroad presidents. The vice presi-
dents are General J. Warren Keifer,
Ex-Speaker of the 47th Congress and
President of the Lagonda National
Bank of Springfield; Hon. Bradford
Shinkle, a prominent capitalist and
financier, and Major Frank J. Jones,
president of the Little Miami railroad.

Amongst the stockholders and direc-
tors are such men as Col. James Kil-
bourne, of Columbus, president Kil-
bourne & Jacobs Mfg. Co.; Capt. Rob-
ert Wilson, of Middletown, president
First National bank; Col. F. W. Whit-
aker, of Hamilton, president Miami
Valley National bank; Wm. Cooper
Proctor, general manager Procter &
Gamble; Maurice J. Freiberg, firm of
Freiberg & Workum; W. F. Robertson,
iron and steel merchant; Hon. Chas.
P. Taft, proprietor "Times-Star";
Thomas P. Egan, president J. A. Fay
& Egan Co.; Morris M. White, presi-
dent Fourth National bank; Hon. J.
W. Warrington, attorney; A. Howard
Hinkle, capitalist; August Herrmann,
president board of commissioners, city
water works; Henry Muhlhauer, vice
president Windisch-Muhlhauer Brew-
ing Co.; Dr. J. C. Culbertson, editor
"Lancet-Clinic"; Samuel Hunt, presi-
dent Detroit Southern Railroad Co., all
of Cincinnati.

Choice territory will be assigned to
good men who are qualified to rep-
resent the company, and who can fur-
nish satisfactory references.

For further information address or
call upon Columbia Life Insurance Co.,
W. H. BEEBOUT,
12-h General agent, Steubenville, O.

FREE ON APPROVAL

Coupon Entitles You to a 50c Box of
Mi-o-na, the Flesh-Forming Food,
at Will Reed's Drug Store.

Mi-o-na, the flesh forming food, is
entirely different from any other med-
icine or treatment for dyspepsia. The
results are so uniformly successful
that Druggist Reed wants every reader
of the News Review to bring the fol-
lowing coupon to his store and obtain
a 50c box of Mi-o-na on approval:

COUPON.

This coupon entitles any:
: reader of the News Review to:
: obtain Mi-o-na absolutely free:
: at my store in case it does not:
: increase the weight and cure:
: stomach troubles. I give sign-
: ed guarantee with every box.
WILL REED.
FREE TRIAL.

The poor, thin, emaciated dyspeptic,
when he becomes plump and rosy af-
ter using Mi-o-na, will forget that
there is such a thing as indigestion
or stomach troubles. This liberal cou-
pon offer of Mr. Reed's means just
what it says, that Mi-o-na will cost
you nothing unless it increases weight
and gives freedom from stomach trou-
bles.

As an evidence of good faith, when
you get a box of Mi-o-na, leave 50c
on deposit with Will Reed and he will
give you a signed receipt, stating that
the money will be returned to you in
case you are not satisfied with the re-
sults you obtain from using Mi-o-na.

"I WILL BUY IT BACK"

Will Reed's Remarkable Way of Sel-
ling Mi-o-na, the Flesh Forming
Food.

Just ask Druggist Reed what he
thinks of Mi-o-na. It will not take you
long to ask him, but it will take him
some time to tell you all the good
things he knows of this remarkable
flesh forming food.

It is natural for people to doubt, but
when Druggist Reed frankly offers to
buy back any empty boxes when Mi-o-
na fails to restore health and increase
the weight, and return the full amount
of money paid, it silences the doubters
and they cannot help but feel that
Mi-o-na is an unusual and remarkable
preparation. Used for a little while,
this flesh forming food will show that
it actually furnishes real nourishment,
regulates digestion and increases
weight.

Weigh yourself and then begin its
use and the scales will soon show the
good Mi-o-na is doing. It gives strength
and tone to the digestive organs,
makes rich, red blood and puts the
whole system in proper physical con-
dition. If it did not do what is claim-
ed for it, Druggist Reed could not af-
ford to sell it the way he does, agree-
ing to refund the cost, 50c, in case it
does not give complete satisfaction.

Everyone who is thin, weak and out
of health, should begin the use of Mi-
o-na on these terms, for it costs abso-
lutely nothing unless it makes you
well.

USE THIS COUPON TODAY

Druggist Reed Takes All Risk of Mi-
o-na Curing Dyspepsia and
Increasing Weight.

If you are weak, sickly, thin, pale,
tired and troubled with indigestion
take advantage of the following cou-
pon offer and get a month's treatment
of Mi-o-na from Will Reed, the well
known druggist:

COUPON.

This coupon entitles any:
: reader of the News Review to:
: obtain Mi-o-na absolutely free:
: at my store in case it does:
: not increase the weight and:
: cure stomach troubles. I give:
: signed guarantee with every:
: box. WILL REED.
FREE TRIAL.

On this special coupon offer, Drug-
gist Reed takes all the risk and any
one who uses Mi-o-na does not have to
pay a penny unless the treatment
cures dyspepsia and gives an increase
in weight.

As an evidence of good faith, 50c
should be deposited with Will Reed
when getting a box of Mi-o-na, and he
will give a signed receipt to refund
the money if the treatment fails. You
certainly can afford to begin the use
of Mi-o-na today on these terms

J. S. HILBERT,
Notary Public.

Subscribers who fail to receive their papers promptly and regularly should at once notify the News Review office. Call by either telephone. All papers, even in the most distant parts of the city, should be delivered before 6 p. m.

FRIDAY, JANUARY 15, 1904.

The police and the board of public safety have decided that all coasting must cease. Of course this will be a bitter disappointment to many youngsters as well as others not so young who have been getting a vast amount of enjoyment out of the pastime. It was hoped that the sport could be regulated, perhaps by setting apart certain streets and certain hours for the use of the coasters, and so made measurably safe. But the authorities have decided otherwise, and as it is impossible for the police to watch every hill in the city, there will be coasting on none. Better so than that there should be more heads or limbs needlessly broken.

"Grog" from the potteries scattered on the ice will make a dangerous sidewalk safe to walk upon. The experiment has been tried and proved a success. As the city shows no disposition to incur the slight expense necessary to procure and place it, property owners should take the matter into their own hands and see that the walks in front of their premises are put in proper condition. This has been done in a few instances, and if it were done universally it would be a public blessing.

The whole country is with the president, who declares that we should dig the Panama canal with the least possible delay. The United States has talked about an isthmian canal for more than half a century, and the time for action has now arrived. Those who interpose obstacles and objections in the hope of making political capital will receive no encouragement from the people.

Death has relieved ex-Governor Bushnell of his sufferings. He leaves behind him that priceless heritage, an

honored name. In the words of ex-Lieutenant Governor Asa W. Jones, who was his associate in office, he was one of the best governor's Ohio ever had and the people have abundant reason for holding his memory in grateful remembrance.

Louisville papers are telling about a ten-foot snake, found in the dead of the winter in the heart of the city. Unless they can produce the snake, the world will still be incredulous. It is no unusual thing for some people in Louisville to think that they see huge serpents.

A moonshine distillery in Kentucky was mistaken for a volcano by people who saw smoke issuing from the earth and there was great excitement. The Kentuckians have reason to be alarmed. The mountain dew factories have caused many an eruption among them.

"The Pike," which will be the coming world's fair midway, seems to have decided the Democratic party in favor of St. Louis as a convention city. Not being able to find them in politics, Democracy must seek attractions somewhere.

A city, as well as an individual, must live within its income if it wants to prosper. East Liverpool has been slow to learn this lesson, but the fact is now being brought home in a manner calculated to make a lasting impression.

The house of representatives has decided that government employees must either walk to and from their work or pay their own car fare. There is no danger of a strike resulting, as there are too many waiting around for places.

Bishop Spencer of the Mormon church claims to have had a revelation from God directing all Mormons to drink only water in the future. This is probably one of the most sensible revelations a Mormon ever had.

Marshall Field, according to a Chicago paper, is the latest Democratic presidential possibility. If Marshall is wise he will stick to the business he has made a success of.

Cleveland's three cent fare legislation will bear a close scrutiny. It will be interesting to know how much the people gain if they get three cent rides and no transfers.

A decrease of \$11,000,000 in the public debt for December is one of the little Republican surprises that gratify the country from time to time.

The czar says he wants peace in the far east. If he is sincere in his wish he can have it. Otherwise what is the good of being a czar?

The president has accepted membership in a Thirteenth club. After this, let no man question his courage.

That Siberian railway may prove the most expensive bit of machinery Russia ever owned.

Jack Frost seems to have established permanent headquarters here.

OBITUARY

John Reeves.

John Reeves, aged 56 years, died at his home on Ridgeway avenue last night from dropsy after a long illness. The body will be shipped to Athens, O., where Mr. Reeves formerly resided, tomorrow, where the funeral services will be held. Before coming to this city Mr. Reeves was a farmer near Athens and was highly respected and esteemed. Since his residence here he has made a number of very warm friends and his death will be regretted by all. He is survived by a wife and several children.

BODY EASILY RECOVERED.

Woman Ties Herself to Post, Then Drowns in Lake.

Mora, Minn., Jan. 15.—After arranging a device which would make the recovery of her body easy, Mrs. J. C. Pope, wife of a prominent attorney, committed suicide.

She left a note containing the information that her body would be found in the lake. Searchers along the shore came upon a post to which was fastened a rope. The rope extended into the water and when it was drawn in her body was found at the other end.

HEIR TO AN EARL DOM KILLED BY A DERVISH

London, Jan. 15.—Major General Egerton, commanding the Somaliland expeditionary force, announces that the body of Captain, the Hon. Thomas Lister, Lord Ribblesdale's son and heir, who was reported missing after the engagement between the British and the forces of the Mad Mullah, has been found, pierced by a spear.

STORES LOOTED DURING FIRE.

Martial Law Declared at Havre, Mont., to Protect Property.

Havre, Mont., Jan. 15.—Fire which was thought to have been subdued broke out again, consuming two blocks of business houses, including the Havre hotel, a large clothing store and a number of saloons and restaurants. A block of dwelling houses also burned.

During the excitement caused by the conflagration thieves began to plunder the burning or deserted buildings and secured considerable booty. Assistance was called for from the soldiers at Fort Assinaboine and a company was rushed to the city and martial law was declared.

The estimated loss by the fire is \$400,000, with but little insurance. No lives were lost.

CREMATED IN JAIL.

Three Prisoners Die in Cells When Prison Burns.

Birmingham, Ala., Jan. 15.—Three prisoners were cremated, two fatally burned and two others seriously hurt in the burning of the town jail at Pratt City. All but one of the victims were negroes.

There were 15 men and four women in the jail, all negroes except John Kelly. A panic ensued when the fire was discovered and the prisoners were released, but not until three, including Kelly, had perished. James Smith and William Young, both of whom are expected to die, are accused by the other prisoners of setting fire to the jail. All the released prisoners were recaptured.

BAD MAN LOOSE AGAIN.

Former Constabulary Officer Wanted for Piracy and Murder.

Manila, Jan. 15.—George Herman, at one time chief inspector of constabulary, who, in company with C. J. Johnson, constabulary officer, robbed the government and then started upon a piratical cruise on the vessel they stole, has escaped from confinement at Cebu.

When Herman was captured off Bayasan by one of the parties in search of him Johnson was found dead in their abandoned boat. He had been shot the day before by the constables in a fight during which Herman shot and killed four men and escaping for the time being.

CHARGES NOT SUSTAINED.

United States Attorneys in West Virginia Exonerated.

Washington, Jan. 15.—An agent of the department of justice has completed an investigation of the charges made against G. W. Atkinson, United States district attorney for the district of West Virginia, and Assistant District Attorney Northcutt by L. P. Wilder of New York of unprofessional conduct in the prosecution of a case against Wilder.

The agent has not yet presented his report, but he has informed the department that he has found the charges to be without foundation in fact.

Ohio Postmasters Confirmed.
Washington, Jan. 15.—The senate has confirmed these Ohio postmasters: John G. Barley, Crooksville; Warren W. Williams, Jeffersonville.

WELLSVILLE AND VICINITY

VETERAN OF TWO WARS

Dynamite Shooter Who Was Formerly Gunner's Mate on the Battleship New York.

L. B. Norton, who is employed as a dynamite shooter on the construction of the new C. & P. yards by C. A. Sims & Co., was formerly a gunner's mate on the war vessel New York, and has sailed the seas for many years on Uncle Sam's big warships. He tells some interesting incidents of the fight at Santiago harbor, in which Cervera's Spanish ships were sent to the bottom, and also gives much interesting data about the operation of the big guns and calculations in regard to the estimation of distances in gunnery.

Mr. Norton was a practical gunner and not only served through the civil war, but was in the thickest of the Spanish-American war. He has also been an old gold miner, and roughed it out west for many years. He can relate some most interesting scenes and incidents.

STORY PREMATURE

No Assurance That the C. & P. Offices Will Be Moved from Wellsville.

The story recently sent out from Pittsburgh to the effect that the offices of the C. & P. would be moved from Wellsville to this city in the near future is said at the local offices of the Pennsylvania to be premature, says the Cleveland Plain Dealer. While it is true the matter has been discussed

in a general manner, nothing definite has been done in the premises and there is no assurance given that the removal will be ultimately made. The officers of the road since its establishment have been located in Wellsville, with the exception of the superintendent's offices and the division freight office, and a large number of considerations would tend to argue against the change.

AN INTERESTING MEETING

Held By Fidelity Circle, P. H. C., and New Officers Installed.

Fidelity Circle, P. H. C., held a most interesting session last night, attended by many visitors from abroad, including a number of prominent members of the order from Canton.

After the initiation of nine members, the following new officers were installed: Past president, John M. Nixon; president, Mrs. Sadie Allman; vice president, Charles Devers; guardian, N. E. Scheckler; chaplain, Mrs. Fassett; secretary, A. B. Apple; accountant, Charles Snediker; treasurer, Frank Blackburn; guide, A. S. Rogers; companion, Miss Jennie Parsons; porter, Charles Evans; watchman, William Aughinbaugh. Refreshments followed.

Union of Societies.

The Wallflowers' society, John S. Kelly, president, will hold a joint meeting on January 23 to effect a consolidation with the Codfish Aristocracy society of the West End. The object is to elect new officers and combine the

two societies. An executive committee composed of Dan Jeffries, Luger Coleman and John Bisman has been appointed to effect the consolidation. Joseph Babey is much talked of for treasurer, while Uncle John Patterson is without opposition as janitor.

Funeral of James Sweeney.

The funeral of James Sweeney, the brakeman accidentally killed in East Liverpool, was held at Salineville today. Rev. Father Crotty, pastor of the Immaculate Conception Church, officiating. Some 25 members of the Brotherhood of Railway Trainmen from Wellsville also attended the obsequies. Sweeney was very popular among railway men.

Repairing the Kilns.

The glaze and biscuit kilns at the Smith-McNicol pottery are undergoing general repairs. Charles Bloor, of East Liverpool, has charge of the clay department and William Bloor, also of the same city, is the new general manager. Albert Korn, the late manager, will do warehouse work.

Receiving Instructions.

The C. & P. air brake car is in the yards this morning, and numerous train employees are receiving instructions along these lines. After leaving Wellsville it will continue on up the river. It came from Cleveland.

Left Town Suddenly.

A. C. Pinkerton, a former citizen of the West End, left town very quietly yesterday and, it is said, numerous merchants of the West End are bemoaning his sudden departure.

Leaves All to His Sisters.

The will of the late John Noble was

read last night and he bequeathes his entire list of property, money and valuables to his two sisters, who run the Allison House on Main street. The list of property left is quite valuable. Mr. Noble having been in business here for many years.

His Eye Injured.

Henry Nieman, a machinist at the C. & P. shops, while driving a wedge yesterday afternoon, was struck in the left eye, making a bad wound. Dr. Noble dressed the wound, which required several stitches to close.

New K. G. E. Lodge.

The Knights of the Golden Eagle have great prospects for the institution of a lodge of the order in this city next Thursday night. Some 40 are now on the charter list, and the event promises to be most interesting.

WELLSVILLE SHORT STORIES.

Mrs. Barnard Rand, of Main street, is quite ill.

Mrs. John M. Weaver, of River street, is ill.

Brakeman Ramsey, of Main street, is ill with grip.

Miss Julia Connell, of Twelfth street, is ill with grip.

James Ball, of Irondale, was in Wellsville yesterday on business.

Mr. and Mrs. A. C. Pinkerton, of lower Main street, moved to Sardis today.

Simon Weisenstein, of Yellow Creek township, was in town yesterday.

Edward Price, of Coal street, is visiting his wife at the Allegheny general hospital.

James Prosser, of Yellow Creek township, was in the city today on business.

The country roads are badly drifted with snow, and farmers say it is a hard matter to get through.

Mrs. J. Patterson, of Twelfth street, has returned from a four weeks' visit with her daughter at Cleveland.

J. D. Saltzman, of Center street, went rabbit hunting on Wednesday and returned home empty-handed.

Charles Ewing, superintendent of the water works, is attending the funeral of James Sweeney at Salineville today.

Today was pay day with C. A. Sims & Co. The present trouble with the striking Italians has not yet been settled.

H. E. Barkey, a splendid newspaper cartoonist, is doing artistic work in the city for a number of business firms.

Operations in the Knoxville and Sugar Grove fields are again about suspended owing to the recent heavy snows.

Mrs. W. S. Risher, of lower Main street, returned home last night from a few days' visit with Monaca, Pa., relatives and friends.

Mr. and Mrs. William Hayes, who have been guests for some days of their parents, Mr. and Mrs. J. H. Hayes, of lower Main street, returned to Canton this morning.

DEATH STATISTICS

The Various Diseases to Which East Liverpool Citizens Succumbed During 1903.

Though the total number of deaths occurring in the city last year was given to the public after the last meeting of the board of health, the diseases causing death and number of each were not and until today were not compiled.

Clerk Herbert, of the board, has them on his report as follows: Membranous croup, 2; cholera infantum, 10; cerebro-spinal meningitis, 2; diarrhoea, 2; dysentery, 1; erysipelas, 3; malarial fever, 1; measles, 1; pyaemia and septicaemia, 2; typhoid fever, 13; other zymotic diseases, 3; apoplexy, 7; Bright's disease, 5; bronchitis, 2; convulsions, 1; gastritis, 5; heart disease, 33; meningitis, 6; peritonitis, 9; pneumonia, 37; other diseases, 34; developmental, 28; violence, 15; premature births, 14. The total number under one year, 58, and under 5 years, 30.

Red Men's Oyster Supper.

Iroquois tribe No. 40, of the Red Men, held a most enjoyable meeting last evening. After the haymaker degree had been conferred on four candidates an oyster supper was served which was a pleasing feature. There were at least 100 members of the lodge present besides a number of the women of Osceola council, who arrived at about 9:30 o'clock.

Will of Edward E. Riley.

Lisbon, January 15.—(Special.)—The will of the late Edward E. Riley, of East Liverpool, has been admitted to probate, the deceased leaving to his widow all of the estate except \$200 which he bequeathed to their adopted son, Jesse Riley.

Some one will get a sewing machine free February 1, at FRANK, SHUMAKER & CO.

Coats, Suits and Skirts at less than the cost of the material.

Sale Starts Saturday Morning

We Will Expect You Here The Koch Co. Opera House Block, 6th St.

AT THE THEATER

A decided novelty in the way of melodrama will be seen at the Grand tomorrow night when Lincoln J. Carter will present "The Flaming Arrow." The name of the play is significant of blood and thunder in a superlative degree, and the fact that it is produced by a company composed largely of real

live Indians, naturally strengthens the impression. The show is clean and wholesome, well staged and has some of the best scenic effects Mr. Carter has as yet turned out.

"Dare-Devil Dorothy," the latest English melodramatic musical comedy novelty, will be the attraction next Tuesday night at the Grand. The story of the play is not a complicated one, the musical theme is simple but beautifully carried out, and the four acts, being laid in England and Australia, give opportunities for magnificent scenery and scenic effects.

The late James A. Herne once said: "I consider Ernest Lamson Nature's successor to Sol Smith Russell." Theatergoers of East Liverpool will have a chance tonight to give their opinion where she will appear here in his beautiful new pastoral drama, "Young Tobie Hoxie."

Miss Ruby Ross, who plays the grown-up "Meenie" in "Rip Van Winkle" with Thomas Jefferson, is a niece of Lillian Russell. At the Grand next Wednesday night.

Straight sale at Joseph Bros. Men's, boys' and children's suits and overcoats 25 per cent off the original price.

Only two weeks more to get that fine sewing machine at FRANK, SHUMAKER & CO.

PUT IN THE JAIL

AT HIS REQUEST

Barney Williams Appears at the City Building and Asks to Be Locked Up.

Seeing that he was about to suffer another mental aberration, Barney Williams, a kilnman, well known over the city, appeared at the city hall this afternoon and asked that he be locked up in the jail.

Dr. C. B. Ogden, the city physician, was called and gave him medical treatment, after which he was confined to a cell.

IKERSON FINED

Tried on the Charge of Assaulting the Paterno Brothers, of the East End.

The trial of Louis Ikerson, the East End Italian, who was arrested on a charge of assaulting the Paterno brothers, was held at the city hall today.

After hearing testimony for fully two hours the mayor concluded that the defendant was guilty and fined him \$6.50.

Our suits and overcoats, \$10, \$12, \$15, \$18, \$20. No re-marking of tickets. No inflated price tickets will you find at Joseph Bros. Their sale is straight 25 per cent off the original price.

SOUTH SIDE

TOWN SERGEANT AND PATROLMAN

MAYOR AND COUNCIL FAVOR A DIVISION OF DUTY.

The Tax Collector Has Enough to Do Without Acting as a Police Officer.

Since the question has been raised by the opponents of the administration in Chester, it now seems that the plan of separating the offices of sergeant and patrolman is bound to go through. It was stated in this paper several days ago that Mayor J. S. D. Mercer had acquiesced in the newly-elected councilmen with the details of the plan and that they took kindly to it from the beginning. The matter will go through.

Mayor Mercer and several of his colleagues were interviewed in regard to the proposed change this morning. It has been stated that dividing the duties of the town sergeant and making a place for two men would be a violation of the code of West Virginia. When the measure passes and the duties of the town sergeant are defined, according to the ideas of Mayor Mercer and the councilmen, it does not seem him of any of the authority invested by the code. The sergeant will be a tax collector, pure and simple. He will in case of emergency be qualified to make an arrest, just as if the position had never been changed.

There are many people residing in the outlying territory who are unable

to find the sergeant when they want to pay their taxes. This is no fault of that official, since he is liable to be called upon at any time to perform duties in connection with his position as a policeman, and as such has no fixed or permanent headquarters. The dividing of the positions will enable the taxpayer to present himself at a given point, with the assurance that he will find the official present who is entitled to receive the money. For his services the tax collector is to receive a fee of 3 per cent, which is thought to be amply sufficient. At present the sergeant receives 5 per cent on a portion of his collections and 3 per cent on another.

It is assured that the difference between the fees fixed for the new official and that now received by the sergeant suffice. The assertion has been made that the change would involve an additional expenditure of money. As a matter of fact, the men who father the idea make the positive assertion that the execution of the plan will mean an actual saving to the town of 1½ per cent.

In spite of the opposition, it is certain the division will take place and that there will be a town sergeant who will collect taxes and a policeman to look after the welfare of the town. The change will be made about the first of February.

INSURANCE COMPANY WITH \$100,000 CAPITAL

A Big Organization Proposed to Capture Business in Hancock County.

Within the next few weeks there will be organized in Chester an insurance company, the importance of which can only be guessed at, but which will eventually absorb all the insurance interests in the county, if the plans of the promoters are carried out.

Many influential citizens think they are paying out entirely too much money in insurance rates, and to outside parties at that. The feeling became so universal that the project for a home company was launched, and is now in shape that the company will be incorporated within a short time. The concern will be capitalized at \$100,000, and the only feature holding back its perfect organization is the fact that careful research is being made in order to be thoroughly posted on the state insurance laws.

The name of the new organization will be the Ohio Valley Insurance company, and it will have in its make-up about 30 of the most substantial and influential citizens of Chester and New Cumberland. It is thought that the company can be made to pay right from the start, and that it will not be long until the investment will be a profitable one in every way. With the

backing of such men as it is proposed to get behind the project, the task of interesting every property holder in the county will not be a difficult one. The idea will be to induce all the people who now carry fire insurance to drop the insurance now carried and invest about the same amount in the home company.

The men behind the concern will give all the assurance necessary that the company is sound and will carry out all of its pledges. It is likely the idea will meet with some opposition at the start from outside concerns, but little attention will be paid to this by the Hancock county men.

Two Suits Entered.

Two suits have been entered in the court of Justice W. C. Johnston. B. S. Kerch has filed an action against Freshwater & Sons for \$10.70, claimed due for work and labor. The case will be tried within the next few days. Mrs. Alice Stevenson has entered suit in the same court against Charles and Julia St. Clair, for grading work at the St. Clair home on Carolina avenue. The amount involved is \$44 and the hearing will be had on January 18.

A Big Contract.

Harvey S. Plankinton, the manager of the Chester Provision company, has taken the contract for butchering about 20 hogs for E. D. Marshall, and with a force of men the task was begun at noon. Mr. Plankinton announced that the work would be entirely finished tonight.

Finishers to Start.

Announcement is made that active operations will be resumed next Monday in the finishing department at the tin mill. When running full the department employs about 70 men and the starting will mean much to the citizens and business men. The prospects for a steady run are very good.

CHESTER NOTES.

Miss Mary Jenkins returned to Chester today after a visit with relatives at New Cumberland. The lady is cashier at J. C. Lewis & Co.'s store. Mrs. E. Rouse, of New Castle, is a guest at the home of David Lewis.

Charles Davis, an old Irondale tin mill man, has taken a situation at the Chester plant.

A little son of Mr. and Mrs. Howard Minor is ill at the home on Carolina avenue.

Married in Chicago.

Lisbon, January 15.—(Special.)—Word has been received here of the recent marriage of Dean Orr, formerly of Lisbon, and Miss Jeannette M. Davis, of Chicago. The ceremony was performed at the bride's home in Chicago.

WELLSVILLE AND VICINITY

VETERAN OF TWO WARS

Dynamite Shooter Who Was Formerly Gunner's Mate on the Battleship New York.

L. B. Norton, who is employed as a dynamite shooter on the construction of the new C. & P. yards by C. A. Sims & Co., was formerly a gunner's mate on the war vessel New York, and has sailed the seas for many years on Uncle Sam's big warships. He tells some interesting incidents of the fight at Santiago harbor, in which Cervera's Spanish ships were sent to the bottom, and also gives much interesting data about the operation of the big guns and calculations in regard to the estimation of distances in gunnery. Mr. Norton was a practical gunner and not only served through the civil war, but was in the thickest of the Spanish-American war. He has also been an old gold miner, and roughed it out west for many years. He can relate some most interesting scenes and incidents.

STORY PREMATURE

No Assurance That the C. & P. Offices Will Be Moved from Wellsville.

The story recently sent out from Pittsburgh to the effect that the offices of the C. & P. would be moved from Wellsville to this city in the near future is said at the local offices of the Pennsylvania to be premature, says the Cleveland Plain Dealer. While it is true the matter has been discussed

in a general manner, nothing definite has been done in the premises, and there is no assurance given that the removal will be ultimately made. The officers of the road since its establishment have been located in Wellsville, with the exception of the superintendent's offices and the division freight office, and a large number of considerations would tend to argue against the change.

AN INTERESTING MEETING

Held By Fidelity Circle, P. H. C., and New Officers Installed.

Fidelity Circle, P. H. C., held a most interesting session last night, attended by many visitors from abroad, including a number of prominent members of the order from Canton.

After the initiation of nine members, the following new officers were installed: Past president, John M. Nixon; president, Mrs. Sadie Allman; vice president, Charles Devers; guardian, N. E. Scheckler; chaplain, Mrs. Fassett; secretary, A. B. Apple; accountant, Charles Snediker; treasurer, Frank Blackburn; guide, A. S. Rogers; companion, Miss Jennie Parsons; porter, Charles Evans; watchman, William Aughinbaugh. Refreshments followed.

Union of Societies.

The Wallflowers' society, John S. Kelly, president, will hold a joint meeting on January 23 to effect a consolidation with the Codfish Aristocracy society of the West End. The object is to elect new officers and combine the

two societies. An executive committee composed of Dan Jeffries, Luger Coleman and John Bismarck has been appointed to effect the consolidation. Joseph Babey is much talked of for treasurer, while Uncle John Patterson is without opposition as janitor.

Funeral of James Sweeney.

The funeral of James Sweeney, the brakeman accidentally killed in East Liverpool, was held at Salineville today, Rev. Father Crotty, pastor of the Immaculate Conception Church, officiating. Some 25 members of the Brotherhood of Railway Trainmen from Wellsville also attended the obsequies. Sweeney was very popular among railway men.

Repairing the Kilns.

The glaze and biscuit kilns at the Smith-McNicol pottery are undergoing general repairs. Charles Bloor, of East Liverpool, has charge of the clay department and William Bloor, also of the same city, is the new general manager. Albert Korn, the late manager, will do warehouse work.

Receiving Instructions.

The C. & P. air brake car is in the yards this morning, and numerous train employees are receiving instructions along these lines. After leaving Wellsville it will continue on up the river. It came from Cleveland.

Left Town Suddenly.

A. C. Pinkerton, a former citizen of the West End, left town very quietly yesterday and, it is said, numerous merchants of the West End are bewailing his sudden departure.

Leaves All to His Sisters.

The will of the late John Noble was

read last night and he bequeathed his entire list of property, money and valuables to his two sisters, who run the Allison House on Main street. The list of property left is quite valuable. Mr. Noble having been in business here for many years.

His Eye Injured.

Henry Neman, a machinist at the C. & P. shops, while driving a wedge yesterday afternoon, was struck in the left eye, making a bad wound. Dr. Noble dressed the wound, which required several stitches to close.

New K. G. E. Lodge.

The Knights of the Golden Eagle have great prospects for the institution of a lodge of the order in this city next Thursday night. Some 40 are now on the charter list, and the event promises to be most interesting.

WELLSVILLE SHORT STORIES.

Mrs. Barnard Rand, of Main street, is quite ill.

SOUTH SIDE

TOWN SERGEANT AND PATROLMAN

MAYOR AND COUNCIL FAVOR A DIVISION OF DUTY.

The Tax Collector Has Enough to Do Without Acting as a Police Officer.

Since the question has been raised by the opponents of the administration in Chester, it now seems that the plan of separating the offices of sergeant and patrolman is bound to go through. It was stated in this paper several days ago that Mayor J. S. D. Mercer had acquainted the newly-elected councilmen with the details of the plan and that they took kindly to it from the beginning. The matter will go through.

Mayor Mercer and several of his colleagues were interviewed in regard to the proposed change this morning. It has been stated that dividing the duties of the town sergeant and making a place for two men would be a violation of the code of West Virginia. When the measure passes and the duties of the town sergeant are defined, according to the ideas of Mayor Mercer and the councilmen, it does not appear him of any of the authority invested by the code. The sergeant will be a tax collector, pure and simple. He will in case of emergency be qualified to make an arrest, just as if the position had never been changed.

There are many people residing in the outlying territory who are unable

to find the sergeant when they want to pay their taxes. This is no fault of that official, since he is liable to be called upon at any time to perform duties in connection with his position as a policeman, and as such has no fixed or permanent headquarters. The dividing of the positions will enable the taxpayer to present himself at a given point, with the assurance that he will find the official present who is entitled to receive the money. For his services the tax collector is to receive a fee of 3 per cent, which is thought to be amply sufficient. At present the sergeant receives 5 per cent on a portion of his collections and 3 per cent on another.

It is assured that the difference between the fees fixed for the new official and that now received by the sergeant suffice. The assertion has been made that the change would involve an additional expenditure of money. As a matter of fact, the men who father the idea make the positive assertion that the execution of the plan will mean an actual saving to the town of 1 1/2 per cent.

In spite of the opposition, it is certain the division will take place and that there will be a town sergeant who will collect taxes and a policeman to look after the welfare of the town. The change will be made about the first of February.

INSURANCE COMPANY WITH \$100,000 CAPITAL

A Big Organization Proposed to Capture Business in Hancock County.

Within the next few weeks there will be organized in Chester an insurance company, the importance of which can only be guessed at, but which will eventually absorb all the insurance interests in the county, if the plans of the promoters are carried out.

Many influential citizens think they are paying out entirely too much money in insurance rates, and to outside parties at that. The feeling became so universal that the project for a home company was launched, and is now in shape that the company will be incorporated within a short time. The concern will be capitalized at \$100,000, and the only feature holding back its perfect organization is the fact that careful research is being made in order to be thoroughly posted on the state insurance laws.

The name of the new organization will be the Ohio Valley Insurance company, and it will have in its make-up about 30 of the most substantial and influential citizens of Chester and New Cumberland. It is thought that the company can be made to pay right from the start, and that it will not be long until the investment will be a profitable one in every way. With the

backing of such men as it is proposed to get behind the project, the task of interesting every property holder in the county will not be a difficult one. The idea will be to induce all the people who now carry fire insurance to drop the insurance now carried and invest about the same amount in the home company.

The men behind the concern will give all the assurance necessary that the company is sound and will carry out all of its pledges. It is likely the idea will meet with some opposition at the start from outside concerns, but little attention will be paid to this by the Hancock county men.

Two Suits Entered.

Two suits have been entered in the court of Justice W. C. Johnston. B. S. Kerch has filed an action against Freshwater & Sons for \$10.70, claimed due for work and labor. The case will be tried within the next few days. Mrs. Alice Stevenson has entered suit in the same court against Charles and Julia St. Clair, for grading work at the St. Clair home on Carolina avenue. The amount involved is \$44 and the hearing will be had on January 18.

A Big Contract.

Harvey S. Plankinton, the manager of the Chester Provision company, has taken the contract for butchering about 20 hogs for E. D. Marshall, and with a force of men the task was begun at noon. Mr. Plankinton announced that the work would be entirely finished tonight.

Finishers to Start.

Announcement is made that active operations will be resumed next Monday in the finishing department at the tin mill. When running full the department employs about 70 men and the starting will mean much to the citizens and business men. The prospects for a steady run are very good.

CHESTER NOTES.

Miss Mary Jenkins returned to Chester today after a visit with relatives at New Cumberland. The lady is cashier at J. C. Lewis & Co.'s store.

Mrs. E. Rouse, of New Castle, is a guest at the home of David Lewis.

Charles Davis, an old Irondale tin mill man, has taken a situation at the Chester plant.

A little son of Mr. and Mrs. Howard Minor is ill at the home on Carolina avenue.

Married in Chicago.

Lisbon, January 15.—(Special).—Word has been received here of the recent marriage of Dean Orr, formerly of Lisbon, and Miss Jeannette M. Davis, of Chicago. The ceremony was performed at the bride's home in Chicago.

REALM OF SPORTS

PROSPECTS BRIGHT FOR BASEBALL SEASON

RE-ORGANIZATION OF CROCKERY CITY LEAGUE CERTAIN.

News Review Will Give a Handsome Cup to the Pennant Winner—First Team Promising.

Though it seems a little premature to broach the subject of base ball for the season of 1904, there is so much general interest being taken in the national sport that doubt for the fans will certainly not go amiss. Indications point to more base ball and better base ball during the coming season than East Liverpool people ever witnessed. Naturally the great majority will show interest and preference to the first team, but the minor teams will this year have their share of the support.

There are several reasons why this is true, but the chief one is the fact that the amateur aggregations will be able to put up a great game. Experience is the greatest teacher to be had along any line of work, and it applies well to base ball. Every one knows that the minor teams last year played the hardest games ever known in the Crockery City. The institution of a league no doubt caused it. Among the teams of the league great rivalry existed and it had the desired effect. The players of each team were jealous of the reputation being made by their opponents and worked harder every day for supremacy. Unluckily for the betterment of the talent several of the teams were soon placed in the shade, but even at that the humiliation clung to their craws and though not publicly they kept up a continuous practice. The result of it all is that in East Liverpool today there is more first-class amateur material than in any other city of like size in the state.

The management of every team comprising the league of last year is preparing to come forth this year with a good team, even better than heretofore. The teams will be made up of the same players to a certain extent, but the management will endeavor to strengthen their aggregations and there will be some changes made in the lineups. One of the managers stated last evening that he would do his best to place a much stronger team in the field than he had last year, and he believes that the remaining ones will do the same. He said there can be no doubt concerning the interest this year. Taking his word for it, the News Review comes forth again with the generous offer of a gold cup as a trophy to the pennant winner of the proposed league. It was deeply regretted last year that the league did not remain in existence until the end of the season, thereby forfeiting the chance of securing the cup, and it is earnestly hoped that if it is actually formed this year that the teams will stay together throughout the season. In case they do, the winning aggregation will receive the finest cup ever given a sporting organization by the News Review.

The first team will be composed of better talent than for years past. Already plans are laid for the organization of such a team, and it will be but a matter of a few weeks until it is completed. There are some fast players in the city, and the endeavor is being made to hold them all. If this is accomplished no amateur team in the state can carry the honors from East Liverpool. In a few days some definite news can be made public concerning the new organization, and all will be agreeably surprised.

Wheeling Club Officers.

At a meeting of the stockholders of the Wheeling Baseball association new directors and officers were elected. The number of directors was increased to seven, the following being chosen: B. F. Perkins, Charles R. Krueger, A. W. Rader, Mike McKinney, Dave Kraus.

Bon Ami
The Finest Cleaner Made
Cleans all kinds of glass ware.

Sam Nichol and Mike Agnic. The following officers were elected: President, B. F. Perkins; secretary, A. W. Rader; treasurer, W. W. Irwin; attorney, H. C. Richards.

SPORTING MISCELLANY.

Colma A. C. San Francisco, pays \$15,000 for the Young Corbett-Britt bout.

A total of 29 chauffeurs have asked the privilege of representing France in the Bennett cup races.

Veteran Jimmy Ryan says there is no city to compare with Washington in its support of a losing team.

The Michigan university foot ball team turned over \$20,000 profits to the athletic association from last fall's games.

Nick Altrock has threatened to jump the White Sox and go to the coast unless Comiskey changes his mind and does not reduce his salary.

"Doc" Hildebrand, slated to pitch for Washington this season, is teaching the candidates for the pitcher's box at Princeton some of the curves expected to fool American league batsmen.

"Bob" Low, last year captain of the Chicago Nationals, has thus far failed to secure a berth for the coming season. He is at present in the south looking after some real estate interests.

EXTREME PENALTY FOR BURGLARY

President of the Prosecuting Attorneys' Association Says the Law is Dangerous.

Columbus, January 15.—President Harry Hoffheimer, of the State Association of Prosecuting Attorneys, does not agree with the views expressed at the meeting of the chiefs of police of the state, in which the extreme penalty for burglary was commended. The police officers say that this form of crime has decreased wonderfully since it was made punishable with life imprisonment.

Mr. Hoffheimer, who is the prosecutor for Hamilton county, says that the law is dangerous. In recent years life imprisonment has been looked upon as the sole punishment that ought to be meted out to murderers. He holds that a burglar, aware of this fact, will now kill in order to escape being captured for burglary.

There was a meeting of the legislative committee of this association in this city, at which were present, in addition to the president, Messrs. Utery, of Toledo; Keeler, of Cleveland; McGrew, of Springfield; and Zimmer, of Urbana. They will recommend a bill to change the ratio of peremptory challenges in murder cases. Now the state has two and the defendant 16, which, the prosecutors say, is out of all proportion.

The life imprisonment clause in the burglary law will also be recommended for repeal. A third bill will make a bond in a criminal case a lien upon the property offered by the surety and the forfeiture of the same shall act as a confession of judgment for that amount. At present a prosecutor must sue to recover on forfeited bonds. Other matters relating to practice and procedure were under discussion, among them a proposition to change the name of the office to district attorney, the word prosecuting being disagreeable and often used with effect by lawyers to prejudice juries in criminal cases.

BANFIELD GOES TO FOLLANSBEE MILL

Former Trust Manager to Superintendent New Independent Plant.

William Banfield is to become superintendent of the Follansbee tin plate mill at Follansbee, opposite Steubenville. It is one of the largest independent mills in the country.

Mr. Banfield, it will be remembered, established one of the first tin mills in this country, at Irondale, which proved beyond doubt that tin could be made at a profit in America. After a successful period which turned the quiet village of Irondale into a humming one of industry, the mill was gathered in by the trust, dismantled and plants established at Chester, Mr. Banfield going with the trust at a big salary.

After several years, which has been profitable in business experience, he comes to the Follansbee plant which insures its success in the manufacture of a fine grade of tin plate. Mr. Banfield also contemplates moving to Steubenville and will make that city his home.

The Panhandle Traction company over the river expects to extend its lines up to the Follansbee plant as soon as the weather permits and from there will come on to the Middle Ferry and cross to Steubenville as soon as the new bridge at Market street is completed.

Houses for the mill workers will follow at the plant and by the time another year rolls by there will be quite a village established upon the land recently known as the Mahan farm, that will be a prosperous suburb of Steubenville.

MILLION WANTED FOR CANAL WORK

The Sum Would Be Used to Improve Dresden-Cleveland Division.

Columbus, January 15.—The board of public works will ask the general assembly to appropriate \$1,000,000 for the improvement of the northern division of the Ohio canal, between Cleveland and Dresden. It will be urged that it is worse than useless to leave the canal in its present condition.

If the \$1,000,000 is secured the waterway will be put in a condition that will enable boatmen to do business. Representatives of the manufacturing interests having plants along the "ditch" are here to urge that the appropriation be allowed. If the state should decide to abandon the canal it is said a company with a large capitalization would immediately be formed to buy the property.

A Vest Pocket Doctor.

Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. A vial of these little pills in the vest pocket is a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Sold by Alvin H. Bulger (only).

BORROWED A BABY TO IMPRESS COURT

The Ruse Did Not Work And the Ingenious Woman Was Jailed.

Akron, January 15.—Nellie Frank, a Syrian woman, was fined \$2 and costs in Justice Hoffman's court yesterday on the charge of stealing coal from the railroads. During the trial she appeared in rags and held an infant in her arms. She pleaded for mercy, saying that she was a mother and very destitute.

It developed that she is a single woman and borrowed the baby to make an impression on the court. She was unable to pay the fine and was sent to jail.

NOW IS THE TIME USE HYOMEI

Cures Catarrh and Prevents Colds. No Stomach Dosing Just Breathe It.

At this season of the year, catarrhal troubles are very prevalent, and nearly every person suffers to a certain extent.

Catarrh is actually the result of a succession of colds and can be easily prevented if the proper treatment is followed.

Hyomei is a natural yet scientific cure for the colds and grip troubles that lead to catarrh, as well as a positive cure for the disease itself.

The balsamic air of Hyomei breathed through the small pocket inhaler that comes with every outfit is filled with germ-killing and health-giving qualities that penetrate to the minutest air cells of the head, throat and lungs. It kills all catarrhal germs and frees the mucous membrane from poisonous microbes, and makes a perfect and complete cure of catarrh.

The complete outfit costs only \$1, while extra bottles of Hyomei can be procured for 50c. Will Reed sells Hyomei on the "no cure, no pay" plan, and will refund the money if it fails to give perfect satisfaction. You take no risk whatever in using Hyomei. It is the only treatment sold under a guarantee of this nature where a leading local druggist agrees to return the money if the treatment fails to cure.

ONCE RICH MAN DIES IN A SHANTY

Hamilton Harvey, Who Formerly Owned Large Paper Mills, Found Dead.

Wellsburg, W. Va., January 15.—Hamilton Harvey, one of Wellsburg's best known citizens and former owner of the Harvey paper mills of this city, was found dead Wednesday morning in a shanty, located on the river bank, in the rear of the water works. During the evening Harvey went to the shanty with four companions and a supply of liquor. Soon all went to sleep. In the night one of the party attempted to wake Harvey, when it was discovered that he was dead. Investigation proved that his death had resulted from heart failure, due to excessive use of alcoholic liquors.

Mr. Harvey has for several years been employed at the St. George glass works. He was about 65 years of age, and leaves two sons and one daughter.

COUNTY AND NEIGHBORHOOD

Forty-eight divorce suits are on the docket for the January term of court at Steubenville.

While eating raw oysters in a Steubenville restaurant, George Ovington found a \$60 pearl.

William Sshaffer, on trial at Wellsburg charged with burning the Vandergrift stables, was acquitted.

Isaac Sheldon, of Waynesburg, Pa., was killed by a Panhandle train on the Wheeling branch above Wheeling. He was on his way to the Follansbee mill to get work.

H. S. Odbert, a noted coal operator and capitalist of Cleveland, started life as a train boy on the Panhandle accommodation between Steubenville and Pittsburgh.

Mrs. Emma L. Hurford has been divorced from Alvin Hurford, a prominent Canton man. She charged drunkenness and gross neglect. Judge Hole heard the case.

A suit for alimony has been filed at Steubenville by Elizabeth Porter against Bartholomew R. Porter. The wife lives in Belmont county, but the husband is a resident of Jefferson county, near Yellow Creek. Gross ill treatment is alleged.

Just One Minute.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by Alvin H. Bulger (only).

BULGARIANS BLOW UP TURKS' POWDER MAGAZINE.

Salonica, Macedonia, Jan. 15.—A Turkish powder magazine is the Kumonova district, 16 miles from Uskub, has been blown up by Bulgarians. Thirty Turks were killed. A sharp engagement is reported to have occurred near Demirhisar, 45 miles from Salonica.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists 75c.

Hall's Family Pills are the best.

Consuls for New Open Ports.

Washington, Jan. 15.—The senate committee on foreign relations has authorized a favorable report on an amendment to the diplomatic and consular appropriation bill providing for the appointment of a consul general at Mukden and a consul at Antung at \$4,000 and a consul at Dainy at \$3,500 a year.

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted. For sale by Alvin H. Bulger.

PARK

Park, January 15.—Reveries are being conducted at the M. E. church with Rev. P. A. Bright, the pastor, as leader. Much interest is being manifested.

Mrs. Gertrude Messinger has returned home after a visit with her husband at Shelby during the holiday season.

The winter season in this locality is fine and sledding parties are the rage now.

When doctors fail, try Burdock Blood Bitters. Cures dyspepsia, constipation, invigorates the whole system.

Among the teams of the league great rivalry existed and it had the desired effect. The players of each team were jealous of the reputation being made by their opponents and worked harder every day for supremacy. Unluckily for the betterment of the talent several of the teams were soon placed in the shade, but even at that the humiliation clung to their craws and though not publicly they kept up a continuous practice. The result of it all is that in East Liverpool today there is more first-class amateur material than in any other city of like size in the state.

The management of every team comprising the league of last year is preparing to come forth this year with a good team, even better than heretofore. The teams will be made up of the same players to a certain extent, but the management will endeavor to strengthen their aggregations, and there will be some changes made in the lineups. One of the managers stated last evening that he would do his best to place a much stronger team in the field than he had last year, and he believes that the remaining ones will do the same. He said there can be no doubt concerning the interest this year. Taking his word for it, the News Review comes forth again with the generous offer of a gold cup as a trophy to the pennant winner of the proposed league. It was deeply regretted last year that the league did not remain in existence until the end of the season, thereby forfeiting the chance of securing the cup, and it is earnestly hoped that if it is actually formed this year that the teams will stay together throughout the season. In case they do, the winning aggregation will receive the finest cup ever given a sporting organization by the News Review.

The first team will be composed of better talent than for years past. Already plans are laid for the organization of such a team, and it will be but a matter of a few weeks until it is completed. There are some fast players in the city, and the endeavor is being made to hold them all. If this is accomplished no amateur team in the state can carry the honors from East Liverpool. In a few days some definite news can be made public concerning the new organization, and all will be agreeably surprised.

Wheeling Club Officers.

At a meeting of the stockholders of the Wheeling Baseball association new directors and officers were elected. The number of directors was increased to seven, the following being chosen: B. F. Perkins, Charles R. Krueger, A. W. Rader, Mike McKinney, Dave Kraus.

Bon Ami
The Finest Cleaner Made
Cleans all kinds of glass ware.

Sam Nichol and Mike Agnic. The following officers were elected: President, B. F. Perkins; secretary, A. W. Rader; treasurer, W. W. Irwin; attorney, H. C. Richards.

SPORTING MISCELLANY.

Colma A. C., San Francisco, pays \$15,000 for the Young Corbett-Britt bout.

A total of 29 chauffeurs have asked the privilege of representing France in the Bennett cup races.

Veteran Jimmy Ryan says there is no city to compare with Washington in its support of a losing team.

The Michigan university foot ball team turned over \$20,000 profits to the athletic association from last fall's games.

Nick Altrock has threatened to jump the White Sox and go to the coast unless Comiskey changes his mind and does not reduce his salary.

"Doc" Hildebrand, slated to pitch for Washington this season, is teaching the candidates for the pitcher's box at Princeton some of the curves expected to fool American league batsmen.

"Bob" Low, last year captain of the Chicago Nationals, has thus far failed to secure a berth for the coming season. He is at present in the south looking after some real estate interests.

EXTREME PENALTY FOR BURGLARY

President of the Prosecuting Attorneys' Association Says the Law is Dangerous.

Columbus, January 15.—President Harry Hoffheimer, of the State Association of Prosecuting Attorneys, does not agree with the views expressed at the meeting of the chiefs of police of the state, in which the extreme penalty for burglary was commended. The police officers say that this form of crime has decreased wonderfully since it was made punishable with life imprisonment.

Mr. Hoffheimer, who is the prosecutor for Hamilton county, says that the law is dangerous. In recent years life imprisonment has been looked upon as the sole punishment that ought to be meted out to murderers. He holds that a burglar, aware of this fact, will now kill in order to escape being captured for burglary.

There was a meeting of the legislative committee of this association in this city, at which were present, in addition to the president, Messrs. Ulery, of Toledo; Keeler, of Cleveland; McGrew, of Springfield; and Zimmer, of Urbana. They will recommend a bill to change the ratio of peremptory challenges in murder cases. Now the state has two and the defendant 16, which, the prosecutors say, is out of all proportion.

The life imprisonment clause in the burglary law will also be recommended for repeal. A third bill will make a bond in a criminal case a lien upon the property offered by the surety and the forfeiture of the same shall act as a confession of judgment for that amount. At present a prosecutor must sue to recover on forfeited bonds. Other matters relating to practice and procedure were under discussion, among them a proposition to change the name of the office to district attorney, the word prosecuting being disagreeable and often used with effect by lawyers to prejudice juries in criminal cases.

BANFIELD GOES TO FOLLANSBEE MILL

Former Trust Manager to Superintend New Independent Plant.

William Banfield is to become superintendent of the Follansbee tin plate mill at Follansbee, opposite Steubenville. It is one of the largest independent mills in the country.

Mr. Banfield, it will be remembered, established one of the first tin mills in this country, at Irondale, which proved beyond doubt that tin could be made at a profit in America. After a successful period which turned the quiet village of Irondale into a humming one of industry, the mill was gathered in by the trust, dismantled and plants established at Chester. Mr. Banfield going with the trust at a big salary.

After several years, which has been profitable in business experience, he comes to the Follansbee plant which insures its success in the manufacture of a fine grade of tin plate. Mr. Banfield also contemplates moving to Steubenville and will make that city his home.

The Panhandle Traction company over the river expects to extend its lines up to the Follansbee plant as soon as the weather permits and from there will come on to the Middle Ferry and cross to Steubenville as soon as the new bridge at Market street is completed.

Houses for the mill workers will follow at the plant and by the time another year rolls by there will be quite a village established upon the land recently known as the Mahan farm, that will be a prosperous suburb of Steubenville.

MILLION WANTED FOR CANAL WORK

The Sum Would Be Used to Improve Dresden-Cleveland Division.

Columbus, January 15.—The board of public works will ask the general assembly to appropriate \$1,000,000 for the improvement of the northern division of the Ohio canal, between Cleveland and Dresden. It will be urged that it is worse than useless to leave the canal in its present condition.

If the \$1,000,000 is secured the waterway will be put in a condition that will enable boatmen to do business. Representatives of the manufacturing interests having plants along the "ditch" are here to urge that the appropriation be allowed. If the state should decide to abandon the canal it is said a company with a large capitalization would immediately be formed to buy the property.

A Vest Pocket Doctor.

Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. A vial of these little pills in the vest pocket is a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tone and strengthen the liver. Sold by Alvin H. Bulger (only).

BORROWED A BABY TO IMPRESS COURT

The Ruse Did Not Work and the Ingenious Woman Was Jailed.

Akron, January 15.—Nellie Frank, a Syrian woman, was fined \$2 and costs in Justice Hoffman's court yesterday on the charge of stealing coal from the railroads. During the trial she appeared in rags and held an infant in her arms. She pleaded for mercy, saying that she was a mother and very destitute.

It developed that she is a single woman and borrowed the baby to make an impression on the court. She was unable to pay the fine and was sent to jail.

NOW IS THE TIME USE HYOMEI

Cures Catarrh and Prevents Colds. No Stomach Disturbance. Breathe It.

At this season of the year, catarrhal troubles are very prevalent, and nearly every person suffers to a certain extent. Catarrh is actually the result of a succession of colds and can be easily prevented if the proper treatment is followed.

Hyomei is a natural yet scientific cure for the colds and grip troubles that lead to catarrh, as well as a positive cure for the disease itself.

The balsamic air of Hyomei breathed through the small pocket inhaler that comes with every outfit is filled with germ-killing and health-giving qualities that penetrate to the minutest air cells of the head, throat and lungs. It kills all catarrhal germs and frees the mucous membrane from poisonous microbes, and makes a perfect and complete cure of catarrh.

The complete outfit costs only \$1, while extra bottles of Hyomei can be procured for 50c. Will Reed sells Hyomei on the "no cure, no pay" plan, and will refund the money if it fails to give perfect satisfaction. You take no risk whatever in using Hyomei. It is the only treatment sold under a guarantee of this nature where a leading local druggist agrees to return the money if the treatment fails to cure.

ONCE RICH MAN! DIES IN A SHANTY

Hamilton Harvey, Who Formerly Owned Large Paper Mills, Found Dead.

Wellsburg, W. Va., January 15.—Hamilton Harvey, one of Wellsburg's best known citizens and former owner of the Harvey paper mills of this city, was found dead Wednesday morning in a shanty, located on the river bank, in the rear of the water works. During the evening Harvey went to the shanty with four companions and a supply of liquor. Soon all went to sleep. In the night one of the party attempted to wake Harvey, when it was discovered that he was dead. Investigation proved that his death had resulted from heart failure, due to excessive use of alcoholic liquors.

Mr. Harvey has for several years been employed at the St. George glass works. He was about 65 years of age, and leaves two sons and one daughter.

COUNTY AND NEIGHBORHOOD

Forty-eight divorce suits are on the docket for the January term of court at Steubenville.

While eating raw oysters in a Steubenville restaurant, George Ovington found a \$50 pearl.

William Schaffer, on trial at Wellsburg charged with burning the Vandergrift stables, was acquitted.

Isaac Sheldon, of Waynesburg, Pa., was killed by a Panhandle train on the Wheeling branch above Wheeling. He was on his way to the Follansbee mill to get work.

H. S. Odbert, a noted coal operator and capitalist of Cleveland, started life as a train boy on the Panhandle accommodation between Steubenville and Pittsburgh.

Mrs. Emma L. Hurford has been divorced from Alvin Hurford, a prominent Canton man. She charged drunkenness and gross neglect. Judge Hole heard the case.

A suit for alimony has been filed at Steubenville by Elizabeth Porter against Bartholomew R. Porter. The wife lives in Belmont county, but the husband is a resident of Jefferson county, near Yellow Creek. Gross ill treatment is alleged.

Just One Minute.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by Alvin H. Bulger (only).

BULGARIANS BLOW UP TURKS' POWDER MAGAZINE.

Salonica, Macedonia, Jan. 15.—A Turkish powder magazine is the Kumanova district, 16 miles from Uskub, has been blown up by Bulgarians. Thirty Turks were killed. A sharp engagement is reported to have occurred near Demirhisar, 45 miles from Salonica.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation be taken out and hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists 75c.

Hall's Family Pills are the best.

Consulate for New Open Ports.

Washington, Jan. 15.—The senate committee on foreign relations has authorized a favorable report on an amendment to the diplomatic and consular appropriation bill providing for the appointment of a consul general at Mukden and a consul at Antung; at \$4,000 and a consul at Dainy at \$3,500 a year.

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted. For sale by Alvin H. Bulger.

PARK

Park, January 15.—Revivals are being conducted at the M. E. church with Rev. P. A. Bright, the pastor, as leader. Much interest is being manifested.

Mrs. Gertrude Messenger has returned home after a visit with her husband at Shelby during the holiday season.

The winter season in this locality is fine and sledding parties are the rage now.

When doctors fail, try Burdock Blood Bitters. Cures dyspepsia, constipation, invigorates the whole system.

STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, we believe you would quickly try a bottle of our **REXALL MUCU-TONE**. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical. Let us reason with you a moment.

We say to you positively and without reservation that we have never before known a tonic or cathartic cure to accomplish the results worked by **MUCU-TONE**. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our **guarantee**.

If you try a bottle of **REXALL MUCU-TONE** and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape.

Now, we can't afford to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

SOME OF OUR REASONS.

Let us give you some of our reasons for talking so earnestly about **REXALL MUCU-TONE**. You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucus, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

WHAT IT MEANS TO BE "RUN DOWN."

This is what causes the state of ill health and weakness which exists when you are "run down."

when the doctor tells you you are suffering with "general debility." We know of one remedy that will correct these conditions and restore health—**REXALL MUCU-TONE**.

There is no need of a technical description of how **MUCU-TONE** on going into the stomach is quickly taken up in the digestive process and, entering the blood, is carried through the network of tiny capillaries and so is brought in direct contact with the sore membranes.

NEW LIFE! NEW VIGOR! What you—what all of us—are interested in is getting rid of the pain we are suffering, in regaining the strength we have lost, in restoring the vigor of youth, in filling our arteries with rich, red blood and building up our bodies and in steadying our fagged nerves.

REXALL MUCU-TONE does all of this and does it quickly. There is no long waiting for promised effects to slowly make their appearance; no months of deferred hope; no realization that you have again wasted money that you could ill afford to lose; no final despair.

MRS. BEAUREGARD TELLS EXPERIENCE.

"I have taken every catarrh remedy I ever heard of—have tried each of them faithfully—in my efforts to get rid of a bad case of catarrh of the stomach and intestines which for three years has made my life miserable, but I can truthfully say that none of them can in any way compare with **REXALL MUCU-TONE**. The others may have helped me somewhat but—**MUCU-TONE** cured me. I did not believe it possible that I could ever again feel as well as I have for the past three weeks. Twenty years have apparently been taken off my shoulders and I feel so well I could almost shout for joy. All pain and all of the nauseating symptoms have disappeared. Good, red blood is coursing through my veins and I am as strong as I am happy. All success to **MUCU-TONE**."

Mrs. Beauregard
219 Second St., Albany, N. Y."

We know that **MUCU-TONE** will do all this and we hereby agree to refund your money if you find it otherwise.

MUCU-TONE is one of the famous **REXALL Remedies**, which are sold only at our store.

Mail orders filled.

BUSHNELL IS DEAD

Former Governor of Ohio Succumbs to Attack of Apoplexy.

LAY IN STUPOR WHOLE DAY

Brief Sketch of Ohio Statesman's Career—Wife and Daughters at Bedside in Last Moments—Remains Taken to Springfield for Burial.

Columbus, O., Jan. 15.—Former Governor Asa S. Bushnell of Springfield, O., who was stricken with apoplexy last Monday after witnessing the ceremonies attending the inauguration of Governor Herrick, died at Grant hospital in this city at 1:52 this morning. The end came peacefully. All day long Mr. Bushnell had lain in a profound stupor, a somewhat irregular pulse beat being the only indication of life. His wife and family, who were summoned from Springfield when he was first stricken, have been in almost constant attendance at his bedside and were with him at the last. Mrs. Bushnell has borne up under the strain with remarkable fortitude, but her daughters, Mrs. McGrew and Mrs. Diamond, have been almost prostrated. Besides the wife and daughters, one son, John L. Bushnell, survives.

The body was taken to Springfield today for burial.

Former Governor Bushnell was born at Rome, Oneida county, N. Y., Sept. 16, 1834. He came to Ohio with his parents when 11 years old, residing first at Cincinnati and since 1851 at Springfield.

From a position as bookkeeper he rose to a partnership in the Wardner, Bushnell & Glessner company, manufacturers of farming implements, of which he became president in 1886. He served in the Civil war, being mustered out with the rank of captain.

In 1885 Mr. Bushnell was chairman of the Republican state executive committee. He was nominated by acclamation for lieutenant governor in 1887 by the state Republican convention, but declined the honor. Mr. Bushnell was one of the four delegates at large from Ohio to the national Republican convention at Minneapolis in 1892. He served two terms as governor of Ohio, being elected in 1895 and re-elected in 1897.

Two weeks ago Mr. Bushnell divided three-quarters of a million dollars among members of his family as a New Year's gift.

MINERS WILL BE STUDENTS.

Ohio Convention at Columbus Adopts Important Measures.

Columbus, O., Jan. 15.—The United Mine Workers of district No. 6 unanimously adopted a resolution favoring the study of economical and political questions in order to prepare to take possession of the judiciary, executive and executive powers of the government, thus nullifying the powers of the employers to use governmental powers to advance their own ends. The scale question was discussed, but not settled. A resolution was adopted declaring that engineers must belong to the miners' union.

The injunction granted in West Virginia was discussed and it was decided to refuse to work for operators who employed non-union labor in any of their mines in this sub-district. National Vice President Lewis stated that he had been granted the right by Judge Jackson to hold meetings in the West Virginia districts where the injunction was secured and was guaranteed protection. Mr. Lewis said the judges should not be abused, but converted.

RADIUM CURES CANCER.

Chicago Physician Invents Instrument With Which to Treat It.

Chicago, Jan. 15.—A new method of treating deep-seated cancer has been successfully tried in Chicago. The process embraces the idea of applying radium directly to the affected tissue by using an instrument called a cystoscope, by means of which the radium can be introduced into the throat or stomach through the mouth.

TONSILINE
Is a perfect family remedy for throat diseases—Sore Throat, Sore Mouth and Quinsy quickly yield to its virtue. It is not slow and tedious in its action.

SORE THROAT
but gives almost instant relief. Tonsiline is entirely harmless. It stands alone as a remarkable and modern cure for sore throat and all similar troubles.
25 AND 50 C. AT ALL DRUGGISTS.
THE TONSILINE CO. CANTON, O.

For Rheumatism, Cold in Chest, Sore Muscles, Stiff Joints.
USE
FOUR-FOLD LINIMENT.
"IN USE OVER FIFTY YEARS."
AT ALL DRUGGISTS. 25c, 50c, \$1.00.

The instrument consists of a piece of tubing supplied with an eyepiece at one end and a tiny screen covered with sulphide of zinc at the other, a small quantity of radium being placed in front of the screen.

A number of lenses inside of the tube enable the operating physician to look through it into the stomach, throat or other part of the anatomy where a cancer may be found. When the radium is applied to the affected tissue the light from the radium is increased in brilliancy by the action of sulphide of zinc, and thus the physician is enabled to examine closely the condition of the affected tissue. At the same time the treatment is in progress.

"The subject of treating deep-seated cancer by means of radium has now reached the point," said Prof. W. C. Fuchs, who devised the new process, "where scientific men are asking themselves the question, 'Since radium has all of the therapeutic action of the X-ray, and since the latter has been known to cure superficial cancer, why could not radium be used to cure deep-seated cancer by applying it internally, so as to bring its effects directly against the affected tissue?'"

"This application can readily be accomplished by the use of the cystoscope, which also obviates the necessity of destroying healthy tissue in front of the diseased portions, as in applying the X-ray."

EVASION INTERCEPTED.

Cheap Plan to Remodel Chicago Theaters Frustrated.

Chicago, Jan. 15.—From action taken by the city council it is evident that the theaters in this city will not be able to open their doors for some time. The meeting was to consider the revision of the building ordinances and it was generally expected that the proposed amendments would be considered and adopted, that the proprietors of the theaters would know what would be demanded and would be able to commence alterations at once.

There has been much criticism of the proposed changes in the building ordinances which it was understood that the sub-committee having the matter in charge, would report to the council. Many declare that the changes are such as would be the cheapest for the theaters and would not greatly enhance the safety of the public.

When the measure was called up Alderman Mavor moved that consideration be deferred, that all the proposed amendments be published, that the whole subject be taken up when the council was ready.

Fifteen churches were closed for violations of the building ordinances and placed under guard until alterations are made.

Coroner Traeger was handed a communication from the foreman of the jury investigating the disaster stating that it was the unanimous desire of the jury to eliminate all further testimony which does not relate directly to responsibility for the catastrophe. The letter suggests that better results could be obtained by calling the owners, lessees and managers of the theatres.

COULDN'T STAND CRITICISM.

Literary Man Kills Himself in Hotel at Kenova, W. Va.

Huntington, W. Va., Jan. 15.—A man who registered under the name of Prof. Lyman Elliott Smith of May's Lick, Ky., at the Glenwood Inn at Kenova, was found dead in his room, having committed suicide by shooting himself through the head.

Letters found in his pocket show that he came from Baltimore several days ago from a trip from abroad, having visited Italy, France and other countries. He had evidently been a professor in some leading college and had letters of recommendation from Richard G. Moulton of the Chicago university and from the University of Cincinnati.

He left a note which gave as his reason for suicide that he had devoted his entire life to the study of literature and that a Baltimore newspaper had criticized some of his writings, which he thought cruel and unfair, and that he could not stand the censure.

EXILE NOT WANTED.

Banished Grand Vizier's Visit Will Be Embarrassing.

Washington, Jan. 15.—General Isaac Khan, the Persian minister, who has just received notice of his promotion to the Austrian-Hungarian mission, will leave for Vienna in a few days. The exiled grand vizier of Persia, Ali Asker Khan Atabek Azam, who when last heard from was in Japan on his way to this country, may not tarry in the United States long if he comes at all. The state department has been advised that the expected vizier is persona non grata at the Persian court and any recognition of him here would offend the Shah of Persia.

Mill Suspension Causes Failure.
Hollidaysburg, Jan. 15.—John W. Confer, postmaster and merchant of Duncanville, has assigned liabilities of \$20,000. The failure is ascribed to the suspension of the steel corporation mills at that place, which were the sole industry of the town.

Big Oil Deal Finally Closed.
Marietta, O., Jan. 15.—The Pure Oil company of Pittsburgh purchased the Cameron oil interests in this county, 1,200 barrels production and 6,900 acres of leases, paying \$1,300,000.

Negro Lynched in Florida.
Gainesville, Fla., Jan. 15.—"Jumbo" Clark, a negro, was lynched at High Springs. Clark was accused of assault upon a white girl about 14 years of age while on her way to school.

CLERKS MUST WALK

Congress Refuses to Furnish Carriages for Government Employees.

PANAMA QUESTION IN SENATE

Newlands of Nevada Contends That the United States Should Make Reparation to Colombia for Loss of Panama—Depew Defends President.

Washington, Jan. 15.—The house passed the legislative, executive and judicial appropriation bill, carrying an aggregate of \$29,711,700, and then adjourned until Monday next. The house by a vote of 88 to 172 refused to sustain the action of the committee of the whole which adopted an amendment striking out the paragraph providing for the salaries and expenses of the civil service commission, thus restoring the item to the bill. An amendment to the bill was adopted restricting the use of government horses and carriages to the president, his secretary and cabinet officers. Mr. Landis said if the horses and carriages now used by government officials were lined up on Pennsylvania avenue they would reach from the Peace monument to the White House. He said that unless congress fixed some limitation it would become a scandal. He added that it would be only a question of time until all those on the government payroll, except senators and representatives, would be riding in carriages at the government's expense. Mr. Hemenway supported the amendment.

Cannon Wants No Carriage.

Mr. Grosvenor called attention to the fact that the speaker of the house, who, he said, occupied an office second only in importance to any in the United States, was not provided with a carriage. He said he knew the present speaker would not approve a measure providing him one, and for that reason he would not propose such an amendment at this time. Mr. Landis' amendment was adopted without division.

The senate listened to a speech by Mr. Newlands and Mr. Depew on the Panama canal question and to a speech by Mr. Latimer in advocacy of the improvement of the public roads. Consideration of the postoffice department investigation resolutions was postponed until Monday.

Mr. Latimer (S. C.) discussed the subject of good roads. He said that about one-third of our people bear the cost of maintaining the common roads. He contended that this is an unjust discrimination and urged that the national government should bear part of the burden.

When Mr. Latimer concluded the Gorman Panama resolution was laid before the senate and Mr. Newlands was recognized.

Should Recompense Colombia.

Mr. Newlands admitted that the spirit of the treaty of 1846 calls for the building of the canal. But, even with that construction, Colombia's refusal to allow the building of the canal would not have been cause for war or for the landing of American troops in Panama at the time of the recent insurrection.

Mr. Newlands said it was doubtful whether the status which existed before the war could be restored. A new government has been created. It would be difficult to compel the surrender of the isthmus and her people to the sovereignty of Colombia, involving possibly the punishment of her people for offenses of which the United States government was itself guilty, but "the honor of the United States demands prompt disavowal by the congress of the United States, whose constitutional prerogative had been invaded, of the lawless and unconstitutional acts of the chief executive."

Such disavowal would mean compensation in some form, either the restoration of the thing taken or damages for its taking, to be surrendered either by mutual agreement through the form of a treaty of amity or by reference to some tribunal of arbitration, such as The Hague. Mr. Newlands added:

Opponents Aid Lobbyists.

"Had these outrages been committed by the executive upon a great power like England or Russia or Germany, congress would promptly disavow them, and shall the impotence of Colombia disqualify her from receiving satisfaction for injury inflicted on her by the unauthorized and unconstitutional action of this country's chief executive?"

Mr. Depew said the opponents of the treaty are aiding the enemies of the canal. "If," he continued, "there ever has been a concert of action among any great railway corporations to defeat this most beneficent work of commerce and civilization, I am not aware of it, but if such a combination does exist, then its allies and its most efficient assistants are to be found among those who, under any device or excuse, are endeavoring to defeat the treaty with the republic of Panama."

Mr. Depew said: "No state ever became independent so completely, as righteously or so timely as Panama. The hour struck for her when the world was watching the clock. No president ever did a more timely or patriotic act than did President Roosevelt in his recognition and defense of the republic of Panama."

Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by **Lydia E. Pinkham's Vegetable Compound**.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time. 'The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice.'—(Signed) Mrs. E. F. Hayes, 252 Dudley St., (Roxbury) Boston, Mass."

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman."

"The use of **Lydia E. Pinkham's Vegetable Compound** entirely expelled the tumor and strengthened my whole system. I can walk miles now."

"**Lydia E. Pinkham's Vegetable Compound** is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mrs. E. F. Hayes, 252 Dudley St., (Roxbury) Boston, Mass."

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which **Lydia E. Pinkham's Vegetable Compound** brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that **Lydia E. Pinkham's Vegetable Compound** stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt. Mrs. Hayes at her above address will gladly answer any letters which sick women may write for fuller information about her illness. Her gratitude to Mrs. Pinkham and **Lydia E. Pinkham's Vegetable Compound** is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness.

Truly it is said that it is **Lydia E. Pinkham's Vegetable Compound** that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.
Lydia E. Pinkham Medicine Co., Lynn, Mass.

BRAVERY COMMENDED.

Naval Gunner Rescues Apprentice from Drowning.

Washington, Jan. 15.—While the cruiser Minneapolis was lying in Pensacola harbor Randolph M. Sherwood, apprentice, fell overboard from the steam launch about 200 feet away from the ship. Acting Gunner B. F. Donnelly leaped overboard without removing his clothes, swam to Sherwood and held him up until relief came. The case was reported to the department by the captain of the Minneapolis as worthy of commendation, and this endorsement has been placed on the recommendation which has been transmitted to Donnelly.

"It affords the department great satisfaction to receive a report of this nature, and your prompt and courageous conduct is warmly commended—being most creditable to yourself and to the naval service."

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plagues. Dean's Ointment cures. Never fails. At any drug store, 50 cents.

When you ask for Mrs. Austin's Pancake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

MINNESOTA TRAPPER DEVoured BY WOLVES.

Bemidji, Minn., Jan. 15.—Jene Cain, a trapper, living six miles north of the village of Little Forks, has been killed by wolves. His body was completely destroyed. His jawbone, shoes and part of his clothing were found near the spot. Cain lived alone and it is supposed he was looking after his traps when set upon by the pack.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking **Cascarets** for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. **Cascarets** have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

Just this side of Paradise

The word California was first used by a Spanish writer more than four hundred years ago to describe an imaginary land which, he claimed, was "Just this side of Paradise."

Little did he know how nearly right he was, for of all the spots the sun's rays shine upon, California most nearly approaches one's idea of an earthly Paradise.

And it isn't far away—you can make the round trip from Chicago in a week. But you'll stay longer.

Before you buy your ticket give me an opportunity of laying before you the advantages which the Rock Island System offers. I think I can satisfy you that it is the line to take.

STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, we believe you would quickly try a bottle of our **REXALL MUCU-TONE**. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical. Let us reason with you a moment.

We say to you positively and without reservation that we have never before known a tonic or cathartic cure to accomplish the results worked by **MUCU-TONE**. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our **guarantee**.

If you try a bottle of **REXALL MUCU-TONE** and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape.

Now, we can't afford to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

SOME OF OUR REASONS. Let us give you some of our reasons for talking so earnestly about **REXALL MUCU-TONE**. You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucus, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

WHAT IT MEANS TO BE "RUN DOWN."

This is what causes the state of ill health and weakness which exists when you are "run down."

when the doctor tells you you are suffering with "general debility."

We know of one remedy that will correct these conditions and restore health—**REXALL MUCU-TONE**.

There is no need of a technical description of how **MUCU-TONE** on going into the stomach is quickly taken up in the digestive process and, entering the blood, is carried through the network of tiny capillaries and so is brought in direct contact with the sore membranes.

NEW LIFE! NEW VIGOR! What you—what all of us—are interested in is getting rid of the pain we are suffering, in regaining the strength we have lost, in restoring the vigor of youth, in filling our arteries with rich, red blood and building up our bodies and in steadying our fagged nerves.

REXALL MUCU-TONE does all of this and does it quickly. There is no long waiting for promised effects to slowly make their appearance; no months of deferred hope; no realization that you have again wasted money that you could ill afford to lose; no final despair.

MRS. BEAUREGARD TELLS EXPERIENCE.

"I have taken every cathartic remedy I ever heard of—have tried each of them faithfully—in my efforts to get rid of a bad case of catarrh of the stomach and intestines which for three years has made my life miserable, but I can truthfully say that none of them can in any way compare with **REXALL MUCU-TONE**. The others may have helped me somewhat—but **MUCU-TONE** cured me. I did not believe it possible that I could ever again feel as well as I have for the past three weeks. Twenty years have apparently been taken off my shoulders and I feel so well I could almost shout for joy. All pain and all of the nauseating symptoms have disappeared. Good, red blood is coursing through my veins and I am as strong as I am happy. All success to **MUCU-TONE**."

Mrs. Beauregard
219 Second St., Albany, N. Y."

We know that **MUCU-TONE** will do all this and we hereby agree to refund your money if you find it otherwise.

MUCU-TONE is one of the famous **REXALL Remedies**, which are sold only at our store.

Mail orders filled.

BUSHNELL IS DEAD

Former Governor of Ohio Succumbs to Attack of Apoplexy.

LAY IN STUPOR WHOLE DAY

Brief Sketch of Ohio Statesman's Career—Wife and Daughters at Bedside in Last Moments—Remains Taken to Springfield for Burial.

Columbus, O., Jan. 15.—Former Governor Asa S. Bushnell of Springfield, O., who was stricken with apoplexy last Monday after witnessing the ceremonies attending the inauguration of Governor Herrick, died at Grant hospital in this city at 1:52 this morning.

The end came peacefully. All day long Mr. Bushnell had lain in a profound stupor, a somewhat irregular pulse beat being the only indication of life. His wife and family, who were summoned from Springfield when he was first stricken, have been in almost constant attendance at his bedside and were with him at the last. Mrs. Bushnell has borne up under the strain with remarkable fortitude, but her daughters, Mrs. McGrew and Mrs. Diamond, have been almost prostrated. Besides the wife and daughters, one son, John L. Bushnell, survives.

The body was taken to Springfield today for burial.

Former Governor Bushnell was born at Rome, Oneida county, N. Y., Sept. 16, 1834. He came to Ohio with his parents when 11 years old, residing first at Cincinnati and since 1851 at Springfield.

From a position as bookkeeper he rose to a partnership in the Gardner, Bushnell & Glessner company, manufacturers of farming implements, of which he became president in 1886. He served in the Civil war, being mustered out with the rank of captain.

In 1885 Mr. Bushnell was chairman of the Republican state executive committee. He was nominated by acclamation for lieutenant governor in 1887 by the state Republican convention, but declined the honor. Mr. Bushnell was one of the four delegates at large from Ohio to the national Republican convention at Minneapolis in 1892. He served two terms as governor of Ohio, being elected in 1895 and re-elected in 1897.

Two weeks ago Mr. Bushnell divided three-quarters of a million dollars among members of his family as a New Year's gift.

MINERS WILL BE STUDENTS.

Ohio Convention at Columbus Adopts Important Measures.

Columbus, O., Jan. 15.—The United Mine Workers of district No. 6 unanimously adopted a resolution favoring the study of economical and political questions in order to prepare to take possession of the judiciary, executive and executive powers of the government, thus nullifying the powers of the employers to use governmental powers to advance their own ends. The scale question was discussed, but not settled. A resolution was adopted declaring that engineers must belong to the miners' union.

The injunction granted in West Virginia was discussed and it was decided to refuse to work for operators who employed non-union labor in any of their mines in this sub-district. National Vice President Lewis stated that he had been granted the right by Judge Jackson to hold meetings in the West Virginia districts where the injunction was secured and was guaranteed protection. Mr. Lewis said the judges should not be abused, but converted.

RADIUM CURES CANCER.

Chicago Physician Invents Instrument With Which to Treat It.

Chicago, Jan. 15.—A new method of treating deep-seated cancer has been successfully tried in Chicago. The process embraces the idea of applying radium directly to the affected tissue by using an instrument called a cystoscope, by means of which the radium can be introduced into the throat or stomach through the mouth.

TONSILINE

Is a perfect family remedy for throat diseases—Sore Throat, Sore Mouth and Quinsy quickly yield to its virtue. It is not slow and tedious in its

CURES

but gives almost instant relief. Tonsiline is entirely harmless. It stands alone as a remarkable and modern cure for

SORE THROAT

and all similar troubles.

Rock Island System

P. A. Auer,
District Passenger Agent,
415 Park Building, Pittsburg, Pa.

The instrument consists of a piece of tubing supplied with an eyepiece at one end and a tiny screen covered with sulphide of zinc at the other, a small quantity of radium being placed in front of the screen.

A number of lenses inside of the tube enable the operating physician to look through it into the stomach, throat or other part of the anatomy where a cancer may be found. When the radium is applied to the affected tissue the light from the radium is increased in brilliancy by the action of sulphide of zinc, and thus the physician is enabled to examine closely the condition of the affected tissue. At the same time the treatment is in progress.

"The subject of treating deep-seated cancer by means of radium has now reached the point," said Prof. W. C. Fuchs, who devised the new process, "where scientific men are asking themselves the question, 'Since radium has all of the therapeutic action of the X-ray, and since the latter has been known to cure superficial cancer, why could not radium be used to cure deep-seated cancer by applying it internally, so as to bring its effects directly against the affected tissue?'

"This application can readily be accomplished by the use of the cystoscope, which also obviates the necessity of destroying healthy tissue in front of the diseased portions, as in applying the X-ray."

EVASION INTERCEPTED.

Cheap Plan to Remodel Chicago Theaters Frustrated.

Chicago, Jan. 15.—From action taken by the city council it is evident that the theaters in this city will not be able to open their doors for some time. The meeting was to consider the revision of the building ordinances and it was generally expected that the proposed amendments would be considered and adopted, that the proprietors of the theaters would know what would be demanded and would be able to commence alterations at once.

There has been much criticism of the proposed changes in the building ordinances which it was understood that the sub-committee having the matter in charge, would report to the council. Many declare that the changes are such as would be the cheapest for the theaters and would not greatly enhance the safety of the public.

When the measure was called up Alderman Mavor moved that consideration be deferred, that all the proposed amendments be published, that the whole subject be taken up when the council was ready.

Fifteen churches were closed for violations of the building ordinances and placed under guard until alterations are made.

Coroner Traeger was handed a communication from the foreman of the jury investigating the disaster stating that it was the unanimous desire of the jury to eliminate all further testimony which does not relate directly to responsibility for the catastrophe. The letter suggests that better results could be obtained by calling the owners, lessees and managers of the Iroquois.

COULDN'T STAND CRITICISM.

Literary Man Kills Himself in Hotel at Kenova, W. Va.

Huntington, W. Va., Jan. 15.—A man who registered under the name of Prof. Lyman Elliott Smith of May's Lick, Ky., at the Glenwood Inn at Kenova, was found dead in his room, having committed suicide by shooting himself through the head.

Letters found in his pocket show that he came from Baltimore several days ago from a trip from abroad, having visited Italy, France and other countries. He had evidently been a professor in some leading college and had letters of recommendation from Richard G. Moulton of the Chicago university and from the University of Cincinnati.

He left a note which gave as his reason for suicide that he had devoted his entire life to the study of literature and that a Baltimore newspaper had criticized some of his writings, which he thought cruel and unfair, and that he could not stand the censure.

EXILE NOT WANTED.

Banished Grand Vizier's Visit Will Be Embarrassing.

Washington, Jan. 15.—General Isaac Khan, the Persian minister, who has just received notice of his promotion to the Austrian-Hungarian mission, will leave for Vienna in a few days. The exiled grand vizier of Persia, Ali Askar Khan Atabek Azam, who when last heard from was in Japan on his way to this country, may not tarry in the United States long if he comes at all. The state department has been advised that the expected vizier is persona non grata at the Persian court and any recognition of him here would offend the Shah of Persia.

Mill Suspension Causes Failure.

Holldaysburg, Jan. 15.—John W. Confer, postmaster and merchant of Duncansville, has assigned, liabilities \$20,000. The failure is ascribed to the suspension of the steel corporation mills at that place, which were the sole industry of the town.

Big Oil Deal Finally Closed.

Marietta, O., Jan. 15.—The Pure Oil company of Pittsburg purchased the Cameron oil interests in this county, 1,200 barrels production and 6,900 acres of leases, paying \$1,300,000.

Negro Lynched in Florida.

Gainesville, Fla., Jan. 15.—"Jumbo" Clark, a negro, was lynched at High Springs. Clark was accused of assault upon a white girl about 14 years of age while on her way to school.

CLERKS MUST WALK

Congress Refuses to Furnish Carriages for Government Employees.

PANAMA QUESTION IN SENATE

Newlands of Nevada Contends That the United States Should Make Reparation to Colombia for Loss of Panama—Depew Defends President.

Washington, Jan. 15.—The house passed the legislative, executive and judicial appropriation bill, carrying an aggregate of \$29,711,700, and then adjourned until Monday next. The house by a vote of 88 to 172 refused to sustain the action of the committee of the whole which adopted an amendment striking out the paragraph providing for the salaries and expenses of the civil service commission, thus restoring the item to the bill. An amendment to the bill was adopted restricting the use of government horses and carriages to the president, his secretary and cabinet officers. Mr. Landis said if the horses and carriages now used by government officials were lined up on Pennsylvania avenue they would reach from the Peace monument to the White House. He said that unless congress fixed some limitation it would become a scandal. He added that it would be only a question of time until all those on the government payroll, except senators and representatives, would be riding in carriages at the government's expense. Mr. Hemenway supported the amendment.

Cannon Wants No Carriage.

Mr. Grosvenor called attention to the fact that the speaker of the house, who, he said, occupied an office second only in importance to any in the United States, was not provided with a carriage. He said he knew the present speaker would not approve a measure providing him one, and for that reason he would not propose such an amendment at this time. Mr. Landis' amendment was adopted without division.

The senate listened to a speech by Mr. Newlands and Mr. Depew on the Panama canal question and to a speech by Mr. Latimer in advocacy of the improvement of the public roads. Consideration of the postoffice department investigation resolutions was postponed until Monday.

Mr. Latimer (S. C.) discussed the subject of good roads. He said that about one-third of our people bear the cost of maintaining the common roads. He contended that this is an unjust discrimination and urged that the national government should bear part of the burden.

When Mr. Latimer concluded the Gorman Panama resolution was laid before the senate and Mr. Newlands was recognized.

Should Recompense Colombia.

Mr. Newlands admitted that the spirit of the treaty of 1846 calls for the building of the canal. But, even with that construction, Colombia's refusal to allow the building of the canal would not have been cause for war or for the landing of American troops in Panama at the time of the recent insurrection.

Mr. Newlands said it was doubtful whether the status which existed before the war could be restored. A new government has been created. It would be difficult to compel the surrender of the isthmus and her people to the sovereignty of Colombia, involving possibly the punishment of her people for offenses of which the United States government was itself guilty, but "the honor of the United States demands prompt disavowal by the congress of the United States, whose constitutional prerogative had been invaded, of the lawless and unconstitutional acts of the chief executive."

Such disavowal would mean compensation in some form, either the restoration of the thing taken or damages for its taking, to be surrendered either by mutual agreement through the form of a treaty of amity or by reference to some tribunal of arbitration, such as The Hague. Mr. Newlands added:

Opponents Aid Lobbyists. "Had these outrages been committed by the executive upon a great power like England or Russia or Germany, congress would promptly disavow them, and shall the impotence of Colombia disqualify her from receiving satisfaction for injury inflicted on her by the unauthorized and unconstitutional action of this country's chief executive?"

Mr. Depew said the opponents of the treaty are aiding the enemies of the canal. "If," he continued, "there ever has been a concert of action among any great railway corporations to defeat this most beneficent work of commerce and civilization, I am not aware of it, but if such a combination does exist, then its allies and its most efficient assistants are to be found among those who, under any device or excuse, are endeavoring to defeat the treaty with the republic of Panama."

Mr. Depew said: "No state ever became independent so completely, so righteously or so timely as Panama. The hour struck for her when the world was watching the clock. No president ever did a more timely or patriotic act than did President Roosevelt in his recognition and defense of the republic of Panama."

Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by **Lydia E. Pinkham's Vegetable Compound**.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. SOCIAL EVENTS

Drum-Bulger.

Miss Ada Bulger, of this city, and William Drum, of Allegheny, were married last evening at the home of the bride's brother, Will Bulger, in the East End, Pittsburgh. The ceremony was performed at 8 o'clock by Rev. T. N. Eaton, pastor of the First M. E. church of Wilkinsburg. A few friends and relatives were present, including the bride's brother, A. H. Bulger, and Mrs. Bulger, of this city.

The bride is one of East Liverpool's most estimable ladies, belonging to a prominent family of the city, besides being an earnest worker in the First M. E. church and other congregations, her presence will be missed when the bride and groom have located permanently in Allegheny. Mr. and Mrs. Drum have the hearty wishes of their host of East Liverpool friends for future happiness.

Progressive Peanut Social.

The progressive peanut social given by the Ladies' auxiliary of the Y. M. C. A. last evening proved an interesting event. The prizes were won by Mrs. G. W. Martin and Mr. Bauman; the consolation prizes by Miss Carey and Bert Van Fossen. The next number in the series will be held in two weeks and will be a progressive flinch party. A gentleman who proposes giving a home talent quartet play for the benefit of the association was present and it was informally discussed by the ladies of the auxiliary who were present, but no action was taken.

Delightfully Surprised.

More than a score of the young friends of Miss Elsie Wood, daughter of Harry Wood, of Avondale street, made up a party that delightfully surprised her at her home last evening. Arrangements were made for the surprise several days ago and everything worked perfectly. Miss Wood was not looking for such an affair and was pleased beyond measure. Music, flinch and refreshments were the diversions.

Fisher-Huff.

Word was received in this city today that Alvin Huff, a popular young potter of this city, had been married to a Peoria (Ill.) young woman. The lady's name was Miss Rose Fisher and she had previously been employed in the pottery in that city. Mr. Huff has been working as a kilnhand at Peoria for several months.

Entertained the Class.

The Sunday school class of Joseph

Kinney in the First M. E. church was pleasantly entertained at Mr. Kinney's home on Fifth street last evening. Music was furnished by Mrs. Kinney, Miss Olive Kent, Blaine Cochran and Olive Smith. Games were played and the time passed most agreeably.

Belmont Club Smoker.

The Belmont club will hold a stag party on Thursday evening, January 28, in the club rooms on Broadway. Arrangements have been completed for the smoker which will be an enjoyable event.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Elected a Delegate—Mrs. Sheridan McGovern has been chosen to represent the Rebekah lodges of the 31st district at the state convention in Springfield next April.

Musical Event—The organ recital and musicale for the benefit of St. Stephen's church will be given in this city January 26 by the organist and choir of the Church of the Ascension in Pittsburgh.

A Frozen Foot—George Johnson, of Pennsylvania avenue, East End, is suffering from a frozen foot and the amputation of one or more of the toes may be necessary. Johnson was cutting ice at the pond of the Andrews Ice company when the member was frozen.

Riddle Lodge Social—Riddle Lodge, No. 315, E. & A. M., has issued invitations for a banquet to be given in Masonic hall Wednesday night, January 20. This event, given annually, is looked forward to with delight by Masons and their families and this year it promises to be even more enjoyable than ever.

Suffering From Blood Poisoning—J. Ed. Wildman, operator at the Penn Stock Exchange, is confined to his room on Washington street, suffering from blood poisoning. The young man was afflicted with eczema, and picked a spot on his ear with his finger nail. The member became very sore, and rapidly developed into blood poisoning. Everything possible is being done for the young man, and he is not thought to be in a dangerous condition.

Card of Thanks.

We wish to thank our friends for the kindness shown us in our sad bereavement and loss of our beloved son.

NO MORE COASTING IN CITY LIMITS

Chief And Police Busy Giving the Boys Warning of the New Order.

Chief Wyman and the police force were busy last evening notifying boys to cease in the practice of sledding

on the streets and sidewalks of the city. No arrests were made, but the boys were told that if they are caught again violating the ordinance that they will be taken before the mayor. The ordinance covering the question is as follows:

"Whoever shall skate, or slide or coast on a hand sled on any of the sidewalks, pavements, streets or alleys

within the corporation limits of the city shall be fined in any sum not to exceed \$10, or imprisoned at hard labor not to exceed 15 days, at the discretion of the court."

The News Review readers will know that Joseph Bros.' sale is genuine; no re-marking of tickets at this store in order to make a clearance sale.

ton St.

NO MORE COASTING IN CITY LIMITS

Chief and Police Busy Giving the Boys Warning of the New Order.

Chief Wyman and the police force were busy last evening notifying boys to cease in the practice of sledding

on the streets and sidewalks of the city. No arrests were made, but the boys were told that if they are caught again violating the ordinance that they will be taken before the mayor. The ordinance covering the question is as follows:

"Whoever shall skate, or slide or coast on a hand sled on any of the sidewalks, pavements, streets or alleys

within the corporation limits of the city shall be fined in any sum not to exceed \$10, or imprisoned at hard labor not to exceed 15 days, at the discretion of the court."
